Tarakan Campaign Virtually at End As Coast Reached

All Important Points Taken—Americans On Okinawa in Fiercely-Contested Battles

MANILA, May 19 (Saturday) (CP).—American troops penetrated sectors of the fiercely contested Southern Okinawa front, a communique reported today, but failed to make appreciable progress toward either Naha or Shuri, their prime objectives.

Australian and Dutch troops reached the east coast of Tarakan Island, off Borneo, to bring the campaign there to a virtual end. Although mopping up remains, the Aussies and Dutch have all the important points on the little island.

The communique surprisingly reported on ground action only through Thursday on Okinawa Island 325 miles southwest of Japan. Normally, reports are only several hours behind the fighting, illustrating intensity of battling which won small local gains, it cited these instances:

An infantry regiment captured one hill position three times, but was driven off each time, finally yielding to strong Japanese artillery and mortar fire.

Elements of the marines assaulted Sugar Loaf Hill nine times in one week before securing it. The last three assaults carried them to the crest, but they were forced to yield the crest twice under fanatical counter-attacks.

There is evidence that some Japanese commanders realize their eventual defeat is certain and that they characteristically are preparing for a ceremonious death.

Marines found Japanese officers dressed in ceremonial white in a command post they captured. Presumably the white uniforms were formal mourning dress, worn under Japanese military custom. Marines overran the command post, broke up the ceremony and meted out the death the white uniformed Japanese officers were expecting.

So stubbornly savage was the Japanese resistance on Okinawa that the marines near Naha and infantry were forced to capture two small

THE TIMES, London

(Copyright, 1945, by Southam Co.)

LONDON, May 18.—The total of prisoners in United Kingdom, Canadian and American hands is expected to reach 5,000,000. Hundreds of thousands fled in terror before the Red Army to give themselves up to the Western Allies.

Because of complete disruption of German communications, says The Times Paris correspondent, this huge figure is not surprising. It can be explained also by the great proportion of Volkssturm recruits in the last stages of fighting. Already in the agricultural districts these are being rapidly returned to their farms.

Terror of German troops and civilians at the prospect of the Russians arriving reached extraordinary proportions, due to Goebbels' anti-Bolshevik propaganda and to the Germans' own guilty feelings arising from knowledge of their barbarities in Russia itself.

Apart from small groups of Schutzstaffein and guerrillas in the mountains around Salsburg, it is believed the last German fighting units have been rounded up. The transcendent problem is how to feed this astonishing horde of prisoners.

Of 4,000,000 captured since the Normandy invasion, 500,000 have been removed from the Continent either to Britain or across the Atlantic to Canada and the United States. A quarter of a million have been put to work, and apart from the big prison camp at Cherbourg, the remainder are in camps along the Rhine.

Wherever possible the Germans own food dumps are used for prisoners, but on these, foreign workers in Germany have the first call.

Apparently, says The Times correspondent, highly colored stories have appeared in the United States about indulgencies granted to war criminals like Goering.

Actually, these persons have received little more than the Geneva Convention prescribes for prisoners of war of their rank. In future no Allied troops in any circumstances are to salute German officers or officials.

Jap Troops In General Withdrawal

Fall Back in Burma Toward Moulmein

CALCUTTA, May 18 (AP).—Thousands of bedraggled Japanese fell back today toward Moulmein, which they seized early in 1942 in embarking on the conquest of Burma.

It was estimated that 44,000 Japanese soldiers, many of them rear echelon troops, were involved in the general withdrawal all the way from near Thazi, 290 miles north of Rangoon, to Moulmein, which is 90 miles east of the Burmese capital across the Gulf of Martaban.

A British task force caught and sank an eight-inch cruiser of the 10,000-ton Nati class Wednesday about 50 miles west of the Malay Peninsula, the Admiralty reported in London.

Near the centre of this front the retreating Japanese put up stiff resistance east of Toungoo on the mountainous approaches to the Thailand border, but elsewhere no unified defence appeared.

Tokio radio said the beaten troops would fortify and man Thailand's western border.

Japanese opposition evaporated in Western Burma north and east of Taungup, 185 miles northwest of Rangoon, where an estimated 5,000 disease-ridden enemy troops were cut off.

In Central Burma, small portions of Japanese suffered heavy casualties in attempts to filter east past the British troops astride the Mandalay-Rangoon railway.

Keitel Added To Czech List

LONDON, May 18 (AP).—Czecho-Slovakia has added Field Marshal Wilhelm Keitel, chief of the German High Command, to its list of more than 500 war criminals, a source close to the Czech Government said today.

Others on the list, the informant said, included Walther Funk, Nazi Minister of Economics; Gen. Kurt Daleuge, of the S.S., Hangman Reinhard Heydrich's successor as "protector" of Bohemia; Karl Hermann Frank, who held the same position in Moravia, and Prof. Albert Speer, Nazi Minister of Production.

A Czech commission will leave for Germany shortly to help collect evidence for trials but will return in time for the conference of 16 nations represented on the War Crimes Commission here May 31.

In the British zone of occupation, complete sets of Gestapo files have been found which can be presented as evidence against the Nazis, who now are being successfully rounded up, a staff officer of the British military government at Lunenburg reported.

Distinguished Prisoners Liberated in Austria

Six well-known Allied officers who had been held prisoner in camp Stalag 18, and who were released from the Austrian prison after negotiations by Swiss authorities. Left to right, they are: Captain John A. Elphinstone, nephew of the Queen; Lieut. Felix Malcolm de Hamel, relative of Prime Minister Churchill; Lieut. Michael Alexander, nephew of Field Marshal Sir Harold Alexander; Lieut. John Graham, of the Scots Guards; Lieut. George Henry (Lord Lascelles), nephew of the King, and Lieut. John G. Winant, son of John G. Winant, United States Ambassador to England.

Russian Delay Irks U.S. at Conference

SAN FRANCISCO, May 18 (AP).—A widening area of disagreement between the Anglo-American and Russian viewpoints is worrying United States delegates to the United Nations World Security Conference.

Striving to bring a quick conclusion to drafting a world organization charter, the American delegates are reported irked at what they term dilatory tactics on the part of the Russians. Their opinion seems shared by the British delegation.

The chief irritation at the moment is Moscow's failure to report promptly its views on a compromise proposal supported in principle by the Americans, Britons, Chinese and French, to fit regional organizations of nations into the machinery of a world league.

The Russians received the American proposal Saturday night and promised to ask Moscow about it. There has been no reply.

Most United States delegates think that too long a wait.

The American and British delegations may go ahead without waiting for the customary "big five" agreement on all major issues. In brief, their proposal would permit regional

BULLETINS

FOOCHOW CAPTURED

CHUNGKING, May 19 (Saturday) (AP).—The Chinese newspaper Ta Kung Pao received word today which said the Chinese yesterday had completely recaptured the great East China port of Foochow, and that enemy remnants were in flight northeastward. No other details were given.

TAKES OVER TRIESTE

LONDON, May 19 (Saturday) (CP).—The B.B.C.'s European service said today that civil authority for Trieste had been handed over to an Italo-Slovene executive committee. The broadcast said the ceremony was attended by British, American and Russian military missions.

SUPERFORTS RAID TOKIO

WASHINGTON, May 18 (AP).—Superfortresses numbering perhaps 150 struck at Tokio today (May 19 Japanese time) in a daylight raid with demolition bombs.

10,000 ON STRIKE

PARIS, May 18 (Reuters).—Between 10,000 and 12,000 civil servants employed in social insurance offices in the Paris regions are involved in a strike which started this morning, as a protest against the delay in adjusting wages to the cost of living.

Orders Placed

OTTAWA, May 18 (CP). — The Munitions Department announced tonight that orders have been placed at Nova Scotia and Vancouver shipbuilding plants for 12 42-foot storing tenders and 21 ten-foot drop keel dinghies.

The storing tenders are for the British Ministry of War Transport and will be built by J. A. Urquhart, Ltd., Parrsboro, N.S.

The 22 dinghies are for the Royal Canadian Navy and will be built by Coal Harbor Shipyards, Vancouver.

Want French To Withdraw

ROME, May 18 (AP).—An Allied informant said today the Allies and Italy were seeking to induce the French to withdraw from the tiny valley region around Aosta, in Northwest Italy, so that an Allied military government can be established there.

The informant, who declined to be named, said Gen. Eisenhower's Supreme Headquarters had been asked to persuade the French to retire and that Allied officers in Northern Italy also were negotiating for the withdrawal of French civil administrations set up in towns and villages of the region.

Coming on top of the Yugoslav occupation of Trieste and Venezia Giulia Province which set off a continuing press clamor here several weeks ago, a reported statement by a French Foreign Office spokesman that France would seek frontier adjustments from Italy at the peace table was received with hostility by newspapers here.

"If this is the spirit destined to triumph in Europe, the San Francisco Conference might as well adjourn and the hundreds of good men gathered there share themselves further work," the independent newspaper Il Tempo commented.

Il Risorgimento Liberale, organ of the conservatively-inclined Liberal Party, said: "The Italians, who fought Fascism also beside the French, appeal to the new democratic governments not to resort to Hitler methods."

Quisling Trial Starts Shortly

OSLO, May 18 (AP).—Vidkun Quisling, who ruled Norway for Adolf Hitler, will be called for a preliminary hearing within a week as a war criminal, Justice Minister Terge Wold announced today as Norwegians uncovered a fabulous fortune of stolen paintings and art objects in his purloined mansion.

The former puppet premier, now imprisoned, is expected to be tried on charges of treason.

Peace Offer Evidently Reflects View of Present Tokio Cabinet

LONDON, May 18 (Reuters).—The peace offer said to have been made by Japanese industrialists to Britain and the United States through Soviet diplomatic channels—unofficially reported from San Francisco—evidently reflects the view of the present Japanese Government as seven of ten members are closely connected with big business.

Now that this reported peace approach has been disclosed, the Allies will be able to see if the Japanese Government can assert itself against the military and Fascist diehards, particularly those commanding the Japanese armies in China and Manchuria.

The Soviet comment reported from San Francisco that, in the view of the Soviet Government, the Japanese offer is no guarantee against further aggression confirms the view held in London that the Soviet Government will from now on pursue a more active policy in the Far East.

One form which well informed diplomatic circles consider the Soviet policy will take is an ultimatum to Japan to the effect that unless Japan accepts the full Allied surrender terms and cedes her conquests on the mainland, the Soviet Union will join the Allies to remove the dangers of further Japanese aggression.

2,500,000 DISPLACED

PARIS, May 18 (AP).—Allied Supreme Headquarters announced tonight that Allied armies are estimated to have found 2,500,000 displaced persons in Germany. The largest number were Russians. Other nationalities according to number were French, Poles, Italians, Belgians, Dutch, Yugoslavs, Czechs, Greeks, Luxembourgers and smaller European groups.

Plan Reception For Merritt

VANCOUVER, May 18 (CP). —A colorful military parade and an official public reception at the City Hall will be the welcome Lt.-Col. C. C. F. Merritt, Canada's first Victoria Cross winner, will receive when he arrives here next Tuesday, the civic reception committee decided here today.

Veterans from the Shaughnessy and Vancouver Military Hospitals will be invited to the ceremony.

Report Laval Still in Spain

BARCELONA, May 18 (AP).—Pierre Laval, former Vichy Premier, spent his 16th day confined in a fortress here today, awaiting completion of negotiations on the means of transporting him to France.

A Paris dispatch earlier quoted French official spokesman as saying they believed he was already in France, being taken there by an Allied warship.

Although there has been no official statement on the status of negotiations regarding Laval, the Spanish Government is reported ready to deliver him to British and American representatives jointly or separately, but not directly to the French, for transportation to France, possibly by warship.

Laval meanwhile was reported awaiting his fate philosophically. Those who prepare his food said he has a good appetite, showing a preference for cold boiled lobster.

West Coast To Be Scene Of Training

By ROSS MUNRO

WITH THE CANADIAN FIRST ARMY, May 18 (CP).—Conferences are expected to be held at Canadian Army headquarters near Hengelo, Holland, next Tuesday to settle some vital problems connected with Canadian Army reallocation, repatriation and demobilization.

Lt.-Gen. J. C. Murchie, chief of the Canadian general staff, is flying from Ottawa to confer with General Crerar, army commander.

The Canadian Far East Force probably will be concentrated completely during September in a training base on the United States or Canadian west coast. Well before then, men selected from here for the force will have reached Canada and had their 30-day home leave.

It is anticipated that matters for discussion Tuesday will include terms of service with the Canadian Far East Force, which are not known here. The total numbers of volunteers which the overseas army will contribute to the force, and details of the composition of this force, as well as of the Canadian force to occupy part of Germany.

If the commanders of both forces are not chosen and announced before then, this question also is likely to be discussed.

TOWN FLOODED

WALLACEBURG, Ont., May 18 (CP). — Thirty-five houses in the Lambton-Kent County town were surrounded by an estimated depth of three feet of water tonight as branches of the Sydenham River, which converge in the centre of the town, overflowed in continued rainy weather.

Army Force for Pacific War To Be 30,000; Navy Strength In R.C.N. Ships Set at 13,500

Enemy Flees Toward Paoching

CHUNGKING, May 18 (AP). —Chinese troops hotly pursued enemy forces over Hunan Province's 1,500-foot hills today toward the key Japanese base of Paoching.

Chinese were within 18 miles of Paoching and 73 miles of Hengyang. The High Command indicated the entire right wing of the abortive Japanese drive on Chinkiang had folded up.

Precise Power of R.C.A.F. Participation Not Yet Settled, Prime Minister Announces

EDMONTON, May 18 (CP).—Prime Minister Mackenzie King today announced that approximately 30,000 Canadian soldiers will serve outside of Canada in the prosecution of the Japanese War.

Mr. King said in a statement issued here that the naval force will be approximately 13,500 men of all ranks.

Full text of the statement follows:

"The broad lines of Canadian participation in the Japanese War were settled during the Quebec Conference in September, 1944, and were included in a statement which I made in the House of Commons on April 4th of this year. Operational planning has now reached a stage when it is possible to give more definite information as to the size and composition of the Canadian forces which will operate in the Pacific.

"As already announced, the Canadian naval force will comprise cruisers, light fleet aircraft carriers, destroyers and frigates. This force will be built up in the Pacific as rapidly as possible, and will operate with the British Pacific Fleet.

"The naval force will require the employment of approximately 13,500 all ranks serving afloat in Canadian ships in the Pacific theatre.

"The Canadian Army will provide a force composed of an infantry division supported by the appropriate armored and ancillary troops to operate with the United States Army. The force, with its initial reinforcements will involve the employment outside of Canada of approximately 30,000 all ranks.

"It is expected that this army force will complete assembly in Canada by the late Summer and, after initial training in Canada, will proceed to the United States for a period of advanced and specialized training with United States formations.

"As indicated in my statement of April 4, squadrons of the Royal Canadian Air Force will operate in co-operation with the Royal Air Force against Japan and Japanese-held territories and in support of operations carried out by other services.

"The precise character and strength of this force has not, as yet, been finally settled but the scale of R.C.A.F. participation will not be disproportionate to that of the other two services.

"Personnel for these navy, army and air forces will be chosen from among those who elect to serve in the Pacific theatre. Every possible opportunity for service with these forces will be given to those who have not as yet served overseas. It will be realized, however, that the nature of operations in the Pacific theatre is such as to require the inclusion of a high proportion of trained personnel who have had previous operational experience.

"Personnel from all three services upon return to Canada from active

Stalin Tells Why Poles Arrested

No Connection With Cabinet Reorganization

LONDON, May 19 (Saturday) (CP).—Premier Marshal Stalin declared today the Polish question could be solved by agreement between the Allies only "if in reconstruction of the Polish Provisional Government the latter is recognized as the basic core of the future Polish Government of National Unity."

His statement, broadcast by the Moscow radio, said that the reorganization "must be in accord with the Crimea decisions," because "no deviations from these decisions can be permitted."

Marshal Stalin's statement came in reply to a letter from Ralph Parker, Moscow correspondent of The London Times, asking for a statement from the head of the Soviet Government on the arrest of 16 leaders in the Polish Government in London.

Marshal Stalin said it was untrue that the Poles were invited for negotiations with Soviet authorities because "Soviet authorities do not and will not conduct negotiations with those who break the law dealing with the protection of the Red Army rear."

Marshal Stalin declared the arrest of 16 Polish leaders "with the well-known diversionist General Okulicki at their head" had no connection with the question of the reconstruction of the Polish Provisional Government.

He said "these gentlemen were arrested in accordance with the law protecting the Red Army rear from diversionists, a law similar to the British Defence of the Realm Act."

The arrest was carried out by Soviet military authorities "in accordance with an agreement concluded between the Polish Provisional Government and the Soviet military command," the Soviet leader said.

Would Give French Part of U.S. Zone

WASHINGTON, May 18 (AP).—President Truman told the French Foreign Minister today the United States is willing to relinquish to France a part of the American zone of occupation in Germany.

The President, following a conference with Minister Georges Bidault, issued a statement saying details of the relinquishment "have already been conveyed informally to the French Government and are now in the process of being formalized."

Rains Cause $50,000,000 Crop Losses

TORONTO, May 18 (CP).—Thousands of acres of low-lying farm lands in Western Ontario were inundated from heavy rains and overflowing streams tonight, and crop losses to Ontario farmers were estimated at more than $50,000,000.

Hon. T. L. Kennedy, Ontario Minister of Agriculture, today estimated loss so far between $25,000,000 and $35,000,000. It is expected Ontario's fruit loss will reach 50 per cent of the anticipated crop.

Meteorological officials here predicted relief Saturday from rain, which in some sections of the province has fallen for two consecutive weeks. Weather experts could give no reason for the rain and low temperatures which have menaced crops throughout Ontario.

As rain continued to fall today, many rivers and streams flooded flat lands where damage to newly-sown fields was estimated at thousands of dollars.

Canada's Plan Argued At Security Conference

By C. R. BLACKBURN

SAN FRANCISCO, May 18 (CP).—Canada's demand for the permanent right of a state contributing its forces for use in preventing aggression to hale a vote in the decision to use force was one of the "delicate" questions considered today by the enforcement procedure committee of the United Nations World Security Conference.

It and other amendments to the Dumbarton Oaks basic security agreement, drawn up at last year's conference at Washington and the basis of the San Francisco meeting, were submitted to a special group of international jurist-delegates.

Limitation of the power of the proposed all-powerful security council called for in numerous draft amendments was a feature of today's long committee meetings as the conference dragged its tortuous way through the cumbersome proceedings out of which will come, it is hoped, agreement on a world organization for permanent peace.

An idea of the difficulty in speeding up deliberations was given by the chairman of this enforcement committee who said 32 speeches were made today on the definition of the term "aggressor" and then there was no decision. This, too, went to a sub-committee.

There were reports today that some states, including Canada, were likely to sign the security agreement with reservations unless their wishes are met by amendments to the Oaks charter. However, The Canadian Press learned on good authority that Canada would not make any reservations.

One spokesman said the Canadian delegation will push for the improvement it believes should be made in the Oaks charter and get the possible agreement. "But when we sign, we will sign it without reservations," the spokesman said.

Colombia definitely is talking about keeping her fingers crossed when she puts her name on the line. Colombia is concerned over adequate recognition of an inter-American peace-keeping system.

A dozen committees waded through a stack of charter amendments today, as they have been doing for nearly two weeks. Some were stepping right along, others were lagging.

The four presidents of the conference met to discuss the chances of getting more agreed

Bracken Recalls Ottawa's Policy On Conscription

CHAPLEAU, Ont., May 18 (CP). — John Bracken, National Progressive Conservative leader, said today that Prime Minister Mackenzie King has asked the present Government not be judged in the Federal election of June 11 on any one issue, because he was afraid the people would judge the Government on its "cowardly manpower policy."

In a statement prepared for delivery before a gathering that greeted him here as he passed through on his way to Kenora, Ont., where he speaks tomorrow, Mr. Bracken said:

"I noticed that in his speech from Vancouver, as reported in yesterday's press, the Prime Minister gave the Canadian people some advice. He said, and I quote his words: 'No greater mistake could be made than to decide the election on a single issue.'

"In that one sentence Mr. King exposed his great and abiding fear. Well might he plead—don't judge me on one issue. Need I ask what is this issue from which he runs? He knows that the people of Canada know it is his cowardly manpower policy, a policy by which he defied the wishes of the majority of

Canadians to Qualify For New Decorations

LONDON, May 18 (CP).—Canadian servicemen and service women in the United Kingdom will qualify for a new defence medal which is being struck, along with six new campaign stars; Prime Minister Churchill told the House of Commons today.

He said in addition: "The currency of the 1939-1943 star has been prolonged until this month and the award will be described as the 1939 to 1945 star to meet the time factor."

Canadians qualified for the original 1939-1943 star and accordingly additional Canadians now will be able to get the decoration.

Hitherto recipients of the 1939-1943 star could not also be awarded the Africa Star, but Mr. Churchill said the King now has approved the award of both to the same individual.

The King also has instituted a silver rose emblem to be worn with the ribbon of the 1939-43 star for "air crews of fighter aircraft engaged in the Battle of Britain to October 31, 1940."

Many Canadians will thus be able to add either the 1939-1945 star or the Africa Star to the ribbons they now wear and hundreds of Canadian airmen will put up the rose emblem.

The medals are the Atlantic Star, the air crew Europe Star, the Italy Star, the France and Germany Star, the Pacific Star, the Burma Star, and the Defence Medal. The ribbons for all these new awards, which were designed personally by the King, will be available at once. But the medals won't be struck immediately.

Canadian Military Headquarters said it was their understanding that all the new awards applied to the Dominions as well as British troops. Time as prisoner of war may be counted towards the qualifying period for the 1939-1945 star but not towards the period of six months—or two months for air crew—operational service which must be completed before the grant of one of the new stars may be authorized.

In the case of persons in operational service on "V-E" Day, the Italy and France and Germany stars will be granted without service requirements, and there is a similar waiving of the time qualification in the Atlantic and air crew Europe stars.

Mr. Churchill said the Defence Medal "is intended to recognize the service here of forces from the Dominions who stood by us in time of grievous need, and will also be an award subject to a three years' qualification to those citizens of this country who during the years of danger served here in the forces—the Home Guard, the National Fire Service, the Police and Civil Defence.

"This medal touches about 7,000,000 people and recognizes the struggle against the enemy's air and bomb attack."

A White Paper on the campaign stars said arrangements for the awards "have been generally agreed in discussion with the Dominion Governments, though certain questions of detail remain to be settled."

The Defence Medal Ribbon has green edges and a flame-colored centre, "symbols of enemy attacks on our green and pleasant land," with two black stripes representing the blackout, it was announced outside the House of Commons.

The Pacific Star—for operational service in the Pacific theatre from December 8, 1941—is dark green with red eges, a central yellow stripe and two other narrow stripes, one dark blue and the other light blue. The green and yellow stand for forests and beaches, the red edges for armies, the dark blue for naval forces, and the light blue for air forces.

The Burma Star—for operational service during the Burma campaign—is a dark blue ribbon with a central red stripe and two orange stripes. The red stands for the Commonwealth forces, the orange for the sun.

Recipients will receive only one of these awards, but a clasp will be awarded showing the other qualifications.

The Atlantic Star—primarily for men on convoys and their escorts and anti-submarine forces—is a blue, white and seagreen ribbon, shaded and watered. Aircrew will be eligible if engaged in operations against the enemy.

The Aircrew Europe Star—for operational flying from the United Kingdom over Europe up to June 5, 1944—is a light blue ribbon with black edges and a narrow yellow strip at each side.

The Italy Star—for service in Sicily and Italy—is a ribbon in the Italian colors, green, white and red. There are five vertical stripes of equal width, in red at either edge, the one in the centre green, and the two intervening stripes in white.

The France and Germany Star—for operational service in France, Belgium, Holland and Germany between the invasion of Normandy and "V-E Day"—is a ribbon in the red, white and blue of the Union Jack, with five vertical stripes in equal width with blue at each end and red in the centre.

Dead, 341; Missing, 431 in Carrier's Ordeal by Fire

Debris flies aloft as an explosion convulses the U.S.S. Franklin, Essex class carrier, hit by Jap dive-bomber during daring American air strike at the Japanese navy in Japan's own inland sea. This was only one of a series of blasts which damaged the ship anew, adding to the casualty list. Seeking to escape the effect of the blast, members of the fire-fighting detail fall back, only to return immediately and renew their assault against the flames. The ship, claimed as sunk by the Nipponese, limped back the thousands of miles to the Brooklyn navy yard under her own power. Three hundred and forty-one men of her heroic crew lost their lives in the fight to save their ship. Four hundred and thirty-one others are missing. More than 300 were wounded.

Proves Contention By Manual Task

LONDON, May 18 (CP).—Sir Harry Selley, 73-year-old member of Parliament, laid 200 bricks in 58 minutes today in the House of Commons yard, to support his contention that the Government target for bricklayers of 200 to 300 a day was "absurdly small."

Sir Harry, who said he had not done any bricklaying in 47 years, exchanged jests with the watching crowd, which included the parliamentary secretary for the Ministry of Works, George Hicks.

Says Halifax Riot Was Premeditated

HALIFAX, May 18 (CP).—Testifying he had heard naval personnel making "threatening statements" about Halifax for a period of some six months before "V-E" Day, Cpl. Newman MacLean, of the R.C.M.P., today told the riot inquiry commission that some sailors had promised that Halifax would "get a rough day of 'V-E' Day."

Cpl. MacLean, guard at the Naval Dockyard here, said he had "heard murmurings not only against the city of Halifax, but the province in general. They were dissatisfied with the city, its people and the province in general."

Cpl. MacLean, under cross-examination by Carl Bethune, Halifax city solicitor, said these remarks had been overheard by him, rather than communicated to him directly.

The only reason witness could give for the dissatisfaction was that "they didn't like the weather, apparently."

He had heard no threats against merchants, restaurants, hotels or landlords, and had heard no criticism about commodity prices here. He had heard some grumbling about the tramways system.

He added he had heard several navy men express gratitude for their treatment by the citizens of Halifax.

36 ILLEGAL STILLS

MONTREAL, May 18 (CP).—Thirty-five illegal stills have been uncovered in Quebec during the past six weeks, Royal Canadian Mounted Police said here tonight. Operators of the stills, all with a small daily capacity, have been sentenced in courts to fines and jail terms.

Disagrees With Depression Talk

Speaking before a large audience in the K.P. Hall at Sidney last night, Maj.-Gen. G. R. Pearkes, V.C., scored the "cry havoc" threat of the greatest depression the world has ever seen, as stated recently by members of the C.C.F. party.

"We have learned many lessons since the last depression," he said, "and while we face a period not without difficulties, the outlook need not be too black."

Advocating the need of free enterprise, he outlined plans of the Progressive Conservative party to develop the vast natural resources of the province.

He told of a trip he had just completed through the Gulf Islands. "It was a most inspiring trip," he said, "and there was courage shown by those who had remained at home to keep things going for the men who were away in the forces."

Speaking of the need for Canadian reinforcements, Maj.-Gen. Pearkes rapped the present administration in placing Canadian soldiers in their present "terrible" position. "They must volunteer for service in the Pacific to get 30 days' leave with their families," he said, "otherwise the hint is evident that they may have to serve in the army of occupation, or take their turn at getting home, and that might take a year."

He gave credit to the Canadian Legion for "nailing" the so-called offer as a form of coercion.

A strong policy of national conscription was advocated by the speaker.

The candidate also spoke strongly against the Government's policy of rehabilitation. "The policy itself is excellent," he said, "but the manner in which it is being put into effect is almost scandalous."

hills twice before apparently securing them.

One company engaged in an hour-long grenade duel with Japanese in another instance.

While American Headquarters reported yesterday that Sugar Loaf was taken Thursday, Dopking said that as long as the Japanese retained positions in tunnels and caves on the slopes of the hill they can make Naha untenable for the Americans.

In the Philippines, meanwhile, the American 31st Division, driving six miles north in Central Mindanao, captured Valencia and its two adjacent airfields Thursday. American planes now are operating off the fields. Two other American divisions, the 40th and the America—the only unnumbered division in the U.S. Army—were moving down from the north and were only 40 miles from a juncture with the 31st.

The 43rd Division on Uzon secured Ipo dam, east of Manila, source of one-third of the capital's water supply.

Bombers effectively attacked installations at Brunei Bay, Miri and Sibu on the northeast coast of the Borneo mainland. Considerable damage was inflicted on airdromes.

From Europe

Continued from Page 1

The King's reception of loyal addresses from both Houses of Parliament on the occasion of victory in the European War departed from custom in that the Sovereign came to Westminster personally to receive them, and replied in a public speech. Nothing, says The Times, could have been more appropriate than such a personal meeting, for it seemed to recognize that war's dangers, sorrows and endurances have been more intimately shared between the Sovereign and the people than in any other war since the days when a King of England led his troops in person.

It is no mere constitutional convention but an innermost secret of Parliament's potency that it consists of King, Lords and Commons, that is, of the executive authority exercised by the King's servants in his name on the one hand, and of legislative and critical powers vested in the people's representatives on the other.

Our system requires that the bearers of public office shall live in daily contact with those who are authorized to call them to account, and only to a combination of the two, each side assisting and correcting the other, does the name of Parliament belong.

Of this proud institution, and of the people of which it is the microcosm, the King has made himself in spirit what the law makes him in form, the true head. As Lord Woolton put it, "the most willing of the country's servants is His Majesty himself."

British troops, back in Crete again after four years, were warmly welcomed by Cretans. The Germans are now beginning to dismantle the fortifications, and the Greeks are so impatient at delays that they have to be forcibly prevented from attacking their enemy.

The Nazis guilty of atrocities in Crete will be detained there for trial. Three hundred Greek Quislings have been arrested. The Athens Government, says The Times special correspondent, has made a series of political appointments, which may readily lead to trouble in the future.

B.C.E.R. Survey Will Start Soon

VANCOUVER, May 18 (CP).—A preliminary survey of the B.C. Electric Railway Company assets as a public utility will probably begin within a week or ten days, Mayor J. W. Cornett said tonight.

W. C. Gilman, New York engineer and financial consultant, was authorized to make the survey. He left tonight for New York.

"He wants to go over the whole ground first and be able to present all sides of the picture," Mayor Cornett said. "If the municipalities decide to accept his preliminary report, he will probably bring down his final report in a form that the citizens can vote upon."

this nation, in order to try to keep the political support of a minority which had kept him in power so long and whose votes he again covets . . .

"Four months ago I visited the battlefields of Europe and I saw the results of that policy. I talked with men who had been short of reinforcements in the heavy fighting through France, Belgium, Holland and Italy. I talked with soldiers who had watched inexperienced, poorly trained, young volunteers die, so that Mr. King's draft army could stay at home.

"I would not be honest with them or with myself if I did not tell you of the great wrong that was done, of the bewilderment of our troops, of their distress, of their lessened faith in us at home which failure to properly back them up has caused . . ."

Tents Will House New Population

EDMONTON, May 18 (CP).—City Commissioner John Hodgson said today 15 tents will be erected in Central Edmonton along the North Saskatchewan River to meet an emergency accommodation situation now existing and which will become more acute towards the end of this month.

Commissioner Hodgson said request for the tents was made through officials of the Canadian Legion. It was understood the tents have been ordered from M.D. 13 and are expected to arrive within a few days from Calgary.

"A special rate of campaign pay has been approved for all navy and army personnel who serve with the Pacific forces. This is in line with similar provision made for British and United States personnel serving in the same area and will be paid from the time of departure from Canada. associations of nations to come to any member's defence in case of an armed attack.

If the Russians go along on this theory, there will be revived Anglo-American hopes for harmony among the big powers on other top problems.

The Russians have based their claim for a permanent seat on the Trusteeship Council on the argument that they must have equal representation with other major powers on every important organ of the proposed new world league.

In another phase of the trusteeship questions, the Russians are demanding that one of the objectives of all mandates shall be the eventual "independence" of the peoples concerned.

The British delegates don't like that either, and the United States delegates appear to lean more toward the British than the Russian view.

OTTAWA, May 18 (CP).—Production of leather footwear in Canada in March amounted to 3,392,389 pairs, compared with 3,075,490 in February and 3,340,343 in March, 1944, the Dominion Bureau of Statistics said today.

FOR LABOUR— A NEW FEDERAL CODE

"The accomplishment of Labour's purpose will not be found in the regimentation of State Socialism. Canadian workers will do far better for themselves . . . to create a dynamic enterprise wherein, through their collective bargaining agencies, Labour may receive fair wages and an improved standard of living . . . Profits can be taxed, but a monopoly of power in the hands of a political group is impossible to control . . . Any government of which I am leader will see to it that Labour becomes a partner in enterprise and enjoys its rights . . ."

John Bracken

John Bracken believes that the rights of Labour can best be secured under a system of private competitive enterprise. He accepts and endorses the opinion expressed on this point by William Green, President of the A.F. of L., and Phillip Murray, President of the C.I.O., who stated on March 28th, 1945:

"The rights of private property and free choice of action, under a system of private competitive capitalism, must continue to be the function of our nation's peaceful and prosperous expanding economy. Free competition and free men are the strength of our free society."

To make these rights real and effective the Progressive Conservative Party will establish a National Development Board to include labour, agriculture, business and government.

The Board will have the responsibility of working out terms for full production and employment as well as the preservation of our natural resources and the construction of projects in the public interest.

The National Development Board will have power to encourage the establishment for each industry of an Industry Council, composed of representatives of labour, management and agriculture, as the case requires, to assist in the formulation and application of plans for full production and full employment in such industry.

John Bracken will establish a Federal Labour Code setting national standards and covering particularly—

√Genuine compulsory collective bargaining legislation.

√Effective machinery for certification of collective bargaining agent.

√Penalties against discrimination and unfair Labour practices.

√Outlawing of unions financed or dominated by employers.

√Minimum Wages.

√Maximum Hours of Work.

√Equal pay for equal work and equality of opportunity and treatment in other respects for men and women workers.

√Minimum age of employment.

√Holidays with pay.

√Extension of Labour-Management Committees.

We shall provide a uniform and comprehensive security plan for all Canadians including—

√Extended unemployment insurance coverage.

√Accident and sickness benefits.

√Children's allowances.

√Maternity benefits.

√Widows' benefits.

√Retirement pensions.

√Increased old age pensions at age 65.

Where social services are administered provincially, we shall provide grants large enough to ensure adequate standards of social security to all Canadians.

We shall ensure representation for Labour on Government Boards and Commissions. Important wartime wage orders and Labour relations codes shall be enacted by Parliament, not by Order-in-Council.

By these and many other progressive measures, the Progressive Conservative Party will ensure to Labour, as a partner in progressive enterprise, its full rights and responsibilities in achieving prosperity for all Canadians.

Prime Minister King Attacks Aims of Social Credit Party

EDMONTON, May 19 (CP).—Canada's hope for the future is bound up with the maintenance of peace and international economic co-operation, Prime Minister Mackenzie King said in his second election [illegible] here tonight.

In the centre of Social Credit influence, Mr. King attacked the policies of that party and called for the election of Alberta members to Parliament who would be in sympathy with the Government's policies of co-operation for security and international trade.

"The Liberals believe in and are determined to work to their utmost for the greatest measure of effective co-operation among the nations to keep the peace, and to promote trade and prosperity," he said.

"On the other hand members of the Social Credit group seem determined to uphold what they describe as national sovereignty in its most extreme form.

"In the years they have been in Parliament the Social Credit members have consistently ignored — I might go so far as to say they have denied—the vital necessity of external trade to the prosperity and welfare of Canada and particularly of Alberta.

"In a world that is steadily shrinking and where the interests of nations are becoming increasingly one, they continue to preach national self-sufficiency and economic isolation.

In their attitude to trade, the Social Crediters are no less protectionist than the most old-fashioned Tories. In their opposition to co-operation in monetary policy, which is intended to increase the trade and welfare of all nations, they found themselves on the same side as the most reactionary of the international bankers.

"I do not hesitate to say that the policies of the Social Credit group, if followed by any government, would, in no time whatever, lead to a worse depression than we had in the 1930's."

Mr. King said it was true Social Credit members voted for participation in the San Francisco Conference but their position was hedged [illegible] He quoted John Blackmore, Social Credit House leader, as saying the only voices raised against the proposals for the San Francisco Conference had been those of Social Credit members.

While he was personally fond of Mr. Blackmore and believed him to be honest, it was difficult to understand what the Social Credit leader was driving at. He did not believe Social Crediters had spoken the true voice of Alberta in Parliament.

"The people of this province who have taken so large a part in the achievement of victory do not, I am sure, want the fruits of victory thrown away in political isolationism and economic nationalism," he said.

Plans Reception For V.C. Winner

BELLEVILLE, Ont., May 18 (CP).—Lieutenant-Colonel C. C. Merritt, V.C., will be greeted with a public reception here today upon his arrival from Kingston, where he was to board a train after meeting his two sons, Peter and Cecil, Jr. He and his wife left Montreal this morning to motor to Kingston.

Here, Mrs. Merritt's home town, he will be met by the pipe band of the Argyll Light Infantry Regiment and escorted downtown, where the parade will be joined by the Municipal Band and then move to the City Hall.

There Mayor F. S. Follwell will read an illuminated address and extend to Colonel Merritt the freedom of the city.

Colonel Merritt will take his family to Vancouver after spending a few days here.

Order Destroys Killer Canines

MIAMI, Fla., May 18 (AP).—An entire pack of more than 25 ball pit terriers was ordered destroyed today for the act of nine in fatally attacking 39-year-old Mrs. Doretta Zinke.

The nine charged with the [illegible] of which the woman was literally torn to pieces, were shot at the Greater Miami Humane Society Kennels this morning.

B.C.E.R. Signs For Year With Street Car Men

VANCOUVER, May 18 (CP).—The B.C. Electric Railway Company and Street Railwaymen's Union (A.F.L.) today signed a one-year working agreement effective March 1, 1945.

The new agreement, made on the basis of a 4½ cents an hour general increase with an additional 3½ cents increase for certain skilled workers, represents a "considerable number of gains" in working conditions for the men, Charles M. Stewart, chairman of the joint union advisory committee, said tonight.

The agreement covers 2,424 street car, bus and some interurban operators in Vancouver, Victoria and New Westminster, as well as 24 categories of skilled track and barn workers.

The agreement is based on a Regional War Labor Board award handed down January 25, following a ten-day strike that paralyzed transportation in the three cities.

Under the award, all employees covered received an additional 4½ cents an hour effective March 1, 1944, and skilled barn and trackmen an additional 3½ cents an hour effective March 1, 1945.

The January strike occurred when an award of 4½ cents general increase by the R.L.W.B. was wiped out by the National War Labor Board, to which it was appealed by the union who wanted a six-cent general increase.

A new union appeal to the R.W.L.B. for a 6-cent general increase made after the strike resulted in the January 25 award.

Douks in Court Take off Clothes

NELSON, B.C., May 18 (CP).—Demonstrations were resumed in police court here today by Doukhobors on trial on charges of disrobing in a public place and three women took off all their clothes.

Magistrate William Brown completed hearing of charges against 13 members of the religious sect who disrobed here earlier this month and handed out further jail sentences.

One of the women, Mary Tamelin, who was arrested May 9 after she took off her clothes in the City Hall and paraded onto the street and who refused to wear her clothes in court yesterday, repeated her stripping act today before being sentenced to two years in prison. It was the longest sentence given a woman for the latest demonstrations.

The Doukhobors said they disrobed in protest against "our brothers and sisters" being imprisoned a year ago on similar charges arising out of nudist parades in the Kootenay area of Southeastern British Columbia and at Stanley Park in Vancouver. Thirty-three Doukhobors were sentenced to prison last year on nudity charges.

Others who stripped completely today were Annie Kuftinoff and Annie Salovieff, the former being sentenced to one year in jail and the latter three months.

The courtroom demonstrations were similar to strippings in a Vancouver courtroom last May when the Doukhobors appeared before Magistrate H. S. Wood.

One of those sentenced last year, Fred Storgoff, was sentenced to three years in penitentiary, but last April 24 the Supreme Court of Canada freed him on habeas corpus proceedings. One other has died in jail.

To Start Building Alberta Highway

EDMONTON, May 18 (CP).—Highways Minister W. A. Fallow said today work on construction of a 400-mile highway connecting Grimshaw and Great Slave Lake appears likely to start at once as a result of negotiations between the Alberta and Dominion Governments.

Although definite agreement on construction of the road has not been finally reached, Mr. Fallow said he has been advised the Dominion Government is making arrangements to fly construction equipment into the northern end of the road to start work without delay.

Mr. Fallow has notified Federal authorities the Alberta Government is willing to bear 50 per cent of the costs of the survey.

ATTEND FALSE ALARM

City firemen attended a false alarm at the corner of Oak Bay Avenue and Davie Street at 7.55 p.m. yesterday.

TWO-YEAR SENTENCE

LETHBRIDGE, Alta., May 18 (CP).—John Popoff, 22-year-old British Columbia Doukhobor, was sentenced to two years in Prince Albert penitentiary after pleading guilty in Royal Canadian Mounted Police court here today on a charge of assisting a German prisoner-of-war to escape from custody near Winfield, Alta., last February 20. Popoff admitted giving the Nazi captive, Karl Gluth, a forged national registration certificate and an Alberta liquor permit.

The Fighting Forces

Reported Liberated

PTE. T. J. HALBERT

Who was reported missing in action on April 21 while serving with the 1st Battalion, Canadian Scottish Regiment, in Germany, but has been liberated, according to a cable received by his parents, Mr. and Mrs. T. Halbert, 330 Arnold Avenue.

Born in Kingston, Ont., Pte. Halbert came to Victoria in 1937, and attended Margaret Jenkins and Victoria High Schools and Victoria College. He enlisted in the early part of 1944, and arrived overseas last January.

Victorian Liberated

PTE. WILLIAM COOL

Eldest son of Mr. and Mrs. Walter Cool, 1017 Balmoral Road, and who was missing in action shortly after Caen, has been liberated from internment in Germany and is now in the United Kingdom, according to word received by his parents.

Vancouver-born Pte. Cool, 20, enlisted in December, 1942, leaving for overseas in May, 1944. He joined the 1st Battalion, Canadian Scottish Regiment, in Normandy while it was at Caen in July, 1944. He was captured at the Leopold Canal on October 7, 1944. "Bill" was in the same patrol as Major V. R. Schjelderup, D.S.O., M.C. and Bar, who comes from Courtenay. According to Major Schjelderup, "Bill" escaped on October 23, 1944, into Holland, where it is believed he was in hiding with the underground.

Bill's father also served in this war, joining the Irish Fusiliers V.R. in September, 1939, and going overseas in April, 1940, where he joined the 49th Edmonton Regiment. He served with them until November, 1942, when he returned to Vancouver Island and was sergeant instructor at Gordon Head until the camp disbanded.

Returns to Duty

Flt. Lt. T. R. Gurr has returned to duty at Boundary Bay after spending leave at the home of his mother, Mrs. M. Gurr, 29 Menzies Street.

After almost four years of overseas service with the R.C.A.F. as pilot of Mustangs and Spitfires, he has completed his operational tour.

Born in Lethbridge, and educated at Calgary, Flt. Lt. Gurr, 28, enlisted in the air force in September, 1939, serving with ground crew for two years. He stated that flak was heaviest over the Ruhr during his trips, but that gunfire tapered off noticeably during the last few months of the war.

This is his first visit to Victoria, as his mother had moved here since his enlistment.

Freed From Camp

Pte. Arthur E. R. Rosenberg, son of Mrs. W. Rosenberg, 400 Bay Street, and a prisoner of war in Germany for a year, has been liberated, according to an announcement from Ottawa. He served with the Seaforth Highlanders.

A brother, Pte. W. E. Rosenberg, was recently repatriated home from service in Italy, where he was wounded twice.

Hear From Son

A letter, without envelope or stamp has been received at Port Alberni from Flt. Lt. Jack Moul, recently released from a prisoner of war camp in Germany.

The letter was written on May 2, the day he was released from the camp, to his parents, Mr. and Mrs. A. J. Moul, Port Alberni. It was written on ordinary school scribbler paper and merely folded over.

Flt. Lt. Moul gave the note to a tank crew. It was forwarded to Port Alberni with only one mark, a field station postmark.

Flt. Lt. Moul, a Spitfire pilot, was a prisoner of war for three years.

Return to Canada

Three Island men were included in a recent list of R.C.A.F. personnel who arrived in Canada following completion of R.C.A.F. duties overseas. They are P/O J. G. Britton, wireless air gunner, Parksville; P/O D. M. McLennan, pilot, Colwood; and P/O A. E. Moyes, pilot, Cobble Hill.

Likes Australia

P/O David Jones, 35, R.C.N., serving aboard H.M.C.S. Uganda, has seen much of the world during recent operations in the Far East. He has visited India, Ceylon, Africa, England and Australia.

In a recent letter to his wife, Jane, who lives at 2575 Blackwood Street, he says he would prefer to live in Australia, next to Victoria, because of the friendliness of the people there.

Born in Wales, P/O. Jones was employed as a steward on the C.P.R. coastal boats prior to enlistment in the R.C.N. in 1940. He joined the Uganda in South Carolina following three years of service on the West Coast.

Interned Four Years

W/O. SYDNEY T. FISHER

Who arrived safely in the United Kingdom on May 11 after four years of internment in a prisoner of war camp in Germany, according to a cable received by his mother, Mrs. J. J. Stewart, 73 Moss Street. He was reported missing on operations in August, 1941.

Victoria-born, he was educated at North Ward School and Victoria High School, and prior to enlistment in 1940 was with the Victoria branch of British Columbia Fire Insurance Underwriters. During the past four years, W/O. Fisher, R.C.A.F., has been in various prisoner of war camps in Germany, East Prussia and Poland. He was promoted from flight sergeant to his present rank while a prisoner of war in Germany, with effect from May, 1944. The 25-year-old airman spent four birthdays and four Christmas Days in prison camps.

Decorated by King

SQDN. LDR. J. HUDSON, D.F.C.

Son of Mr. and Mrs. Charles Hudson, 2012 Oak Bay Avenue, and newly-appointed a flight commander of the Bluenose Squadron, was one of 31 Canadian soldiers and airmen to receive their awards from the King at Buckingham Palace yesterday.

Sqdn. Ldr. Hudson received his Distinguished Flying Cross for displaying throughout his missions exceptional qualities of leadership, gallantry and devotion to duty.

Home on Leave

A.B. N. G. Martin, 22, R.C.N.V.R., who has been on active service overseas for the past 14 months aboard H.M.C.S. Waterford, arrived home on Thursday to spend 42 days leave at the home of his parents, Mr. and Mrs. S. Martin, 2119 Chambers Street.

Born and educated here, A.B. Martin was employed at Begg Motor Co., Ltd., prior to enlistment in 1943. He trained at Esquimalt and Halifax.

While on leave, he will marry Myrtle Bent, daughter of Mr. and Mrs. E. Bent, 3615 Cedar Hill Road. The wedding is scheduled for May 25.

His father served with the R.C.A. in France during the Great War. A brother, Sdamn. Murray Martin, at present home on leave, is stationed at Prince Rupert with No. 3 Military Band, and has seen more than three years' service.

Prisoner Released

Cpl. John Chandler Tame, son of Thomas John Tame, Courtenay, who was listed as a prisoner of war in Germany in January, 1945, has been liberated, according to an announcement from Ottawa.

Alex H. Sutherland, who for the past three years had been president of the Victoria and Islands branch of the Canadian Authors' Association, has been elected a vice-president of the national association to represent British Columbia and Alberta.

The War Today

By KIRKE L. SIMPSON
A.P. War Analyst

Now that the war in Europe is over and Battle of the Atlantic ending in surrender of the U-boat fleet, now-it-can-be-told tales are flooding the news pages. Among them have come the first partial glimpses of the part played by Britain's two gigantic liners, the Queen Elizabeth and Queen Mary, each more than 80,000 tons.

Even briefly sketched it is such as to draw the comment from Brig.-Gen. Horace S. Sewell, British official war commentator in New York, that "without the two 'queens' the whole course of the war in the Atlantic might have been different." To that he might have added that without the "queens" the course of the war in the Pacific might also be different.

General Sewell credits the "queens" with having ferried to the United Kingdom in the year between July 31, 1943, and the same date in 1944, more than a third of the 865,000 "uniformed Americans" transported over the Atlantic in that time in preparation for "D" Day in Normandy.

The larger, the 83,763-ton Queen Elizabeth, set an Atlantic crossing record on one trip, on another she "outran no less than 50 U-boats," the British commentator reports. Always both ships relied upon their great speed—not upon convoy protection off-shore. They ran unescorted virtually from departure to landfall.

Obviously ships of that capacity and speed could be of major service in British-American redeployment from Europe to the Pacific and Indian Ocean war theatres. But just where the "queens" are to be employed is not disclosed. Their giant proportions deny them use of many of the ports so far available.

Not until Japan also succumbs will the full story of the war mission of these greatest sea carriers be available but even as partially revealed it is a thrilling narrative.

General Sewell's reference to the "queens" came in a tribute to Britain's merchant marine for its share in the winning of the war in Europe. The 2,000 days of the Battle of the Atlantic cost Britain more than two-thirds of the 17,500,000 gross tons of ocean-going shipping with which she entered the war, he notes.

Up to March 1 of this year 30,178 British merchant seamen had lost their lives by enemy action and another 4,000 had been captured and interned. The Sewell figures applied to British merchant craft and personnel alone.

"No other nation in the world could have done the transporting," the general added in noting that the Battle of the Atlantic which began with the brutal sinking of the unarmed liner Athenia on September 3, 1939, "and has cost us so much in lives and shipping is now ended."

Island Pioneer Dies

NANAIMO, May 18.—John D. Galloway, born in Wellington 62 years ago, died in Nanaimo Hospital today after a lingering illness. He had lived in Nanaimo most of his life. He took a prominent part in sport in his younger days, playing in some of Nanaimo's best football and old-time lacrosse teams. He belonged to Ashlar Lodge, A.F. & A.M., and was secretary of the Nanaimo Pioneers' Society for the past five years. He leaves his wife, one son, Douglas, and one daughter, Mrs. G. A. Trant, Vancouver, also four brothers. Funeral services will be held on Sunday afternoon.

MORE TOURIST TRAVEL

SEATTLE, May 18 (CP).—D. Leo Dolan, chief of the Canadian Government Travel Bureau at Ottawa, predicted today a great postwar increase in Canadian tourist travel to the United States. He spoke at a meeting of the Community Council.

Name Expert for Utility Survey

VANCOUVER, May 18 (CP).—W. C. Gilman, senior partner of the New York firm of W. C. Gilman and Company, engineers and financial consultants, has been appointed to give expert advice on the proposed purchase of the B.C. Electric as a public utility, Mayor J. W. Cornett announced today.

Mr. Gilman met the nine-man committee representing British Columbia municipalities interested in the proposed B.C.E.R. deal.

He was selected by a sub-committee headed by Mayor Cornett and composed of Premier Hart, Mayor Percy E. George, Victoria, and Mayor W. M. Mott, New Westminster.

The survey is to determine whether the purchase of the B.C.E.R. is feasible, and if it is feasible, what is the best method of carrying it out.

City Police Court

Found guilty by Magistrate H. C. Hall of causing wilful damage by smashing a window in the car of Ram Singh, Ladysmith, with a pickaroon, Jogindar Singh, Duncan, was fined $15 in city police court yesterday and ordered also to pay the cost of the damage. Ram Singh testified that Jogandar approached the car in the 700 block on Market Street after a Sikh New Year celebration on April 15, and hit the front left ventilation window of the car as Ram Singh sat behind the wheel.

A pickaroon is a tool for handling lumber in a sawmill.

Malkit Singh said he saw Jogindar commit the offence, but Jogindar denied having committed it. Alan Baker represented the accused, and P. J. Sinnott appeared for the plaintiff.

A soldier returned from overseas, charged with assaulting his wife, pleaded guilty and was bound over to keep the peace, on agreement of his wife's counsel.

Alex Poulsen, charged with using gross and insulting language on a public street on May 7, was remanded until Monday.

A $10 fine for speeding in a school zone, a $5 fine for ignoring a stop sign, and five parking fines of $2.50 were paid by motorists. A cyclist was fined $2.50 for not having a light.

Victoria Boys' Band Receives High Praise

Victoria Boys' Band received 84 marks for their performance at the British Columbia Music Festival in Vancouver last night, according to word received by Mrs. C. V. Mackie, secretary of the band.

Lloyd Powell, the adjudicator, praised the band, saying it was an asset to any city. Alan Wilson's solo was very capably handled.

HEAD FOR SEASIDE

LONDON, May 18 (CP).—Londoners queued up at railroad terminals tonight for trips to the country and seaside for the first peacetime bank holiday in more than five years. No extra trains were available for the crowds determined to relax away from home over the Whitsun weekend which extends Saturday, Sunday and Monday.

WRITER DIES

RUTLAND, B.C., May 18 (CP).—Mrs. Elizabeth (Rebecca) Wilson, 27, wife of Robert C. Wilson, foreign correspondent for The Associated Press, died today at Rutland Hospital, which she entered yesterday for a minor operation. A working newspaperwoman herself, Mrs. Wilson had hoped to join her husband abroad before the year was out.

TO CONSIDER CHARGES

LONDON, May 18 (CP).—Lord Wright, chairman of the United Nations War Crimes Commission, declared today that the principal function of the commission is to consider charges and "decide whether prima facie cases exist against the accused." Aside from advisory functions, "the commission's duties end there," he said.

OPENS ART SALE

PARIS, May 18 (AP).—Mary Churchill, daughter of the British Prime Minister, today opened an auction sale of paintings by Paris artists for benefit of London children who are war casualties.

1,700 WORKERS AFFECTED

CLEVELAND, May 18 (AP).—Approximately 1,700 workers in Canadian and American plants producing ammunition components will be affected by cutbacks in production schedules within the next 60 days, the War Department announced today. The cutbacks were disclosed here following a meeting Wednesday of War Department officials. The Canadian plants affected are those of War Supplies Ltd., at Toronto, Windsor and Montreal.

Pacific War Plans

As the Pacific war unfolds and increases in intensity the locations in which the different Allied forces will operate seem naturally to fall into place.

The British in Burma may be expected to push on through Thailand and French Indo-China towards China itself. Also southward through the Malay Peninsula to the recapture of Singapore. From there they can dominate the island of Sumatra. The British Navy will no doubt operate in the China Sea.

The Australians, already operating in New Guinea and around Borneo, will proceed to the completion of their conquest, since these islands are most nearly contiguous to their own country. Logically the New Zealanders, similarly interested in that part of the globe, may be expected to join them. To the Dutch may be assigned the reconquest of Java and some other islands, though they will require considerable assistance from their Allies. It is evident that Holland itself, in its present condition, cannot do much for some time.

Northward the Americans cover the entire Pacific through the Philippines and Ryukyu islands to the Japanese and Chinese coasts. The largest of the Ryukyus, now being hotly contested but surely conquered, is Okinawa. This island is much farther from the Philippines than is generally supposed. In fact, it is considerably more than halfway from the northernmost point in the Philippines to Kiushiu, the most southerly of the Japanese main islands. When this tough spot is conquered it will give the Americans a springboard only 360 miles from the Japanese mainland itself.

Into this international pattern, where will the Canadian forces fit? It would seem logical that they should take the extreme northern area running up into the Kurile Islands. Certainly it would be more satisfactory to the people of Canada if our forces were allotted a definite area, rather than to be intermingled and lost among the others.

It is natural to suppose that with the American strength so predominant, all the Allied forces, apart from Burma and the Far East, should be under their command. General MacArthur may be expected to continue in military and Admiral Nimitz in naval control. That other Allied forces should act in harmony with them is in the interests of all.

In Radio Land

Never has the use of radio been brought so closely home to the people as throughout the present war. Through it they have learned most quickly of latest developments, and many a parent and wife have hung upon its messages when telling of some battle in which a loved one might be engaged. It told them no specific news, but their interests were enclosed in the general outline.

Not only has the war flowed daily into the home through the vacuum tubes, but the voices of leaders have been heard as if speaking in that very room. One of the best loved of all those voices will be heard directly no more, but by the marvel of transcription Franklin Roosevelt's pleasant tones will sound on to future ages. In like manner the trumpet notes of Winston Churchill will be preserved; and another generation will still hear him calling them to "blood, sweat, toil and tears," or telling them that some future age would look back on that time of calamity as "their finest hour."

Between Churchill and his great compeer there is a marked difference in radio style. The British Prime Minister sometimes speaks with hesitation, but when in the mood, as he often is, he can rise to heights of eloquence no one else in his time has attained. President Roosevelt's words flowed more smoothly. They were pleasant as a rippling brook, but once in a while you heard the thunder of the cataract too, such as when his indignation was aroused by Mussolini's infamous "stab in the back." There was then an iron force wrapped in those velvet tones.

Apart from these great utterances the radio has done its share in keeping up national spirit and stimulating patriotic movements like Victory Loans, and also in encouraging many worthy and charitable efforts called forth by war. It has one great advantage over the telegraph in that there is scarcely a remote corner or lonely outpost home where it does not reach. It has done more than anything else to make one family of all human beings of kindred speech.

That radio is destined to play an even larger part in future there can be little doubt. With the aid of television the time may come when a family in its own home can enjoy a first class drama as if the stage were erected in the room. In the meantime it is performing invaluable service in preserving the voices of great speakers and singers, and the performance of great musicians, for the enjoyment of future ages.

The Eagle's Nest

How carefully a man's life can be guarded in vain is shown in the story of the Adlerhorst, Hitler's Eagle's Nest, occupied by the Allies after the capture of Central Germany and found destroyed. It appears to have been a subterranean city, with accommodation for 3,000 persons in labyrinths so deep underground that no bomb could strike them. Set in steep, surrounding hills the place was invisible, not only from adjoining heights but from the air. Parts above ground were so camouflaged that not till late in March were they found by the Allied bombers. That discovery proved the beginning of the end for this elaborate hideout.

The Nest was about seven and one-half miles in circumference, enclosed by high barbed wire fences, and guarded by hundreds of selected men. Police dogs accompanied the guards, and from a network of poles alarms could be flashed. Within this enclosure were Hitler's elaborate quarters, buildings for Goebbels and his propaganda bureau, and a great banquet hall. It was here that Hitler held his last New Year's feast, the guests including Goering, Goebbels, Himmler, Ribbentrop and many German generals. Of the chief guests it is interesting to note that Hitler and Goebbels are now counted as dead, Goering is a prisoner, and Himmler and Ribbentrop are hunted refugees.

After Von Rundstedt was dismissed and Kesselring appointed Commander-in-Chief, the latter stayed occasionally at the Adlerhorst. He was lunching there with other guests on March 19, when an Allied bomb struck the building. The heavy chandelier crashed down on the table, and Kesselring was cut deeply across the cheek. The next day Hitler sent orders to have the Adlerhorst destroyed. Soldiers poured Diesel oil through the buildings; demolition engineers planted explosives.

So, today the Eagle's Nest is a blackened and blasted ruin and, perhaps, somewhere among the rubble of Berlin lies the body of Adolph Hitler, also blasted and blackened like his evil abode.

The Doenitz Case

It seems rather idle to quibble about the relationship of the Allied Governments to such German administration as Admiral Doenitz may lead. Had there been no central authority with which to deal, the process of surrender would have been infinitely harder and longer.

It should be remembered that Admiral Doenitz at least called off resistance in the iron fastnesses of Norway, not less than in the open lands of Holland and Denmark. In addition to that his call to the U-boats has resulted in the surrender of hidden terrors that might otherwise have sent many more of our ships to their long account.

In fact, as Mr. Eden has plainly stated, the recognition of Doenitz as a mediary does not imply recognition of a government empowered to deal with Germany at large. It simply means that they are making use of a captured administration to complete the surrender as soon as possible. It is like utilizing enemy laborers to restore the damage they have caused.

It is not likely that the service of Admiral Doenitz means that he will escape punishment for wrong doing, although it may be pleaded in mitigation of sentence.

Seen in Passing

How a little kindness sometimes brings great results was illustrated not long ago in Germany. Two German women were hurrying to get a midwife for a friend. Two M.P.'s of Patton's army stopped them. Learning their mission the police offered to guard them as escorts. They got into casual conversation, and as they passed the entrance of a salt mine one of the women said: "That's where the bullion is hidden." That was the tipoff that led to the capture of fabulous treasure.

The Channel Islands, with their largely French-speaking population have often been the refuge of hunted Frenchmen. It was there that Victor Hugo spent 20 years of his life when he defied the edict of Louis Napoleon. When that monarch was in his turn driven out of France, after the battle of Sedan, Victor Hugo returned to reign like a king in the hearts of his people. In the meantime he had immortalized the Channel Islands with his "Toilers of the Sea."

They are going to call on white collar workers in Vancouver to assist in loading and unloading coal from boats. Just how white their collars will be after a day's shoveling is questionable. If they never perspired before they will be likely to leave a few white channels where the drops run down through the coal dust.

Times change. London crowds greeted General Eisenhower with cries of "Good Old Ike." Years ago nobody would have dreamed of calling the Duke of Wellington "Good Old Art," or Kitchener, "Good Old 'Erb."

Southern Counties

No bangs at night! No horror in the air?
No neighbours dead—or buried—in the dawn!
No quaking vigils underneath the stair?
(Forgive us, Western-Counties, if you yawn)
It is five years since we were sure of sleep,
Or dared to swear we'd see another day
Five years of fears and houses in a heap;
This is a thing no other place can say.

To make a happy fireside clime
To weans and wife,
That's the true pathos and sublime
Of human life.

Ruhr Political Parties Are Organizing

By L. S. B. SHAPIRO
North American Newspaper Alliance

DUESSELDORF, May 18 (By Wireless).—Despite the Allied Military Government ban on political activity among the millions of workers—idle and otherwise—in the Ruhr, four political parties are mushrooming among the rubble of what was once the heart of Germany's heavy industry. Duseldorf, Essen, Duisburg, Oberhausen and Krefeld present to the casual observer a scene of utter listlessness. Smokeless chimneys jut from blackened factory ruins and people drowse on stoops of patched-up dwellings. But behind this vista of destruction and Springtime lassitude there is intense activity by political organizers. Communist, Catholic, anti-Fascist and Social Democratic parties are secretly gathering recruits, issuing pamphlets and manifestoes, and are preparing to reach for popular power when the A.M.G. allows politics to be indulged in openly.

According to British A.M.G. teams who have taken over the administration of this district, the Communists and Catholics are the bitterest rivals and have attracted the largest followings. The anti-Fascist party is a nondescript group, believed to be a front for the Communist organization, and the Social Democrats, once the most powerful party prior to Hitler Germany, are lagging far behind in popular appeal.

PAMPHLETS BEING WIDELY CIRCULATED

The Communists have persistently requested permission to hold public demonstrations, but the A.M.G. is holding fast to a policy of discouraging political activity of any kind pending the clean-up of the Nazis and the stabilization of food and housing problems. Nevertheless, mimeographed pamphlets are being circulated widely and street-corner huddles are being substituted for formal political meetings. The A.M.G. lacks the manpower to interfere with this sort of undercover activity.

Today, I examined pamphlets passed out by the two leading parties. The Communists carefully refrained from mentioning Soviet Russia but made a violent attack on Hitlerism, as well as a great show of friendship for the Allies.

"Remember how Nazi leaders frightened you with fables about rape and pillage that would be indulged in by the British and Americans? You know now how the Hitlerites lied about our liberators," the Communist handbill read. "The Communist party stands for earnest co-operation with the Western Powers in occupation of Germany."

APPLICATION MUST BE APPROVED

The pamphlet then called for membership applications, stipulating that each application must be approved by two Communist party members in order to safeguard the party against becoming a haven for former Nazis.

The pamphlet issued by the Catholics also denounced Nazism as well as Communism, and made an appeal for a government "with true Christian spirit." It urged that the civilians place their trust in the occupation forces, and said that the basis for reconstitution of Germany was "work and family life."

A brief perusal of the anti-Fascist pamphlet showed it to be almost exactly like the Communist, while the Social-Democrats in one of their leaflets asked for constitution of the German Government along the lines of the British and American systems.

Local observers believe the first local elections, however far distant, will result in huge Communist gains over the pre-Hitler days. The Communists are the best organized and are gaining adherents quickly among the Ruhr unemployed.

SUPPORT CHURCHILL

LONDON, May 18 (CP).—Britain's dominant Conservative party today advanced a 12-point program pledging support for Prime Minister Churchill in waging the war against Japan, urging co-operation with the United States and Russia to keep the peace after final victory and calling for removal of wartime controls at home as soon as possible.

Controls on Motor Parts Removed

OTTAWA, May 18 (CP).—Munitions Minister Howe today announced the lifting of the last of the wartime controls on replacement parts for Canadian automobiles with removal of the inventory stocking restriction by which distributors were limited to a 45-day supply of any particular part.

The emergency order certificate method by which essential vehicles could get priority on replacement parts if immobilized for lack of a part also has been eliminated because of improvement in the automotive parts supply situation in the Dominion.

Munitions and Supply Department spokesmen said there now remained no restrictions on obtaining replacement parts for any Canadian vehicle, essential or otherwise, but added it might be some time before the full effect of the order was felt by the motoring public. Manufacture of some less essential parts are still hampered by lack of materials and manpower.

Preparing Warships For Pacific Area

WINNIPEG, May 18 (CP).—Canadian warships are being prepared for service in the Pacific theatre, Engineer Rear-Admiral G. L. Stephens, of Ottawa, chief of naval engineering and construction for the Canadian Navy, said in an interview here yesterday.

Canvas awnings are being fitted over decks and special ventilating equipment installed.

The time used is Pacific standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

To find the depth of water on the sill of the Esquimalt Drydock at any time, add 26.8 feet to the height of high water as above given.

Former Bund Head Ordered Deported

WASHINGTON, May 18 (AP).—Former German-American Bund leader, Fritz Kuhn, has been ordered deported to Germany as an undesirable alien, the Justice Department announced today.

The Justice Department said the 49-year-old native of Munich, convicted in 1939 of larceny and forgery involving German-American Bund funds, will be placed on a boat at a time to be determined by American military authorities in Germany.

After being paroled from Dannemora Prison, New York, where he was serving a two and one-half to five-year term on the larceny and forgery charges, Kuhn was interned as an enemy alien and sent to Crystal City, Tex., in 1943.

SERVED FREE MEALS

POWELL RIVER, May 18 (CP).—Citizens in Powell River still are talking about the manner in which Mrs. Mae McIntyre celebrated "V-E" Day.

Mrs. McIntyre, proprietress of the Hotel Rodnay, served 700 free meals between 5 p.m. and 9:30 p.m. to celebrate the end of the war in Europe.

Her son, B. M. McIntyre, enlisted as a private in the Canadian Army in 1940 and now is serving overseas as a major.

DIES AT VANCOUVER

VANCOUVER, May 18 (CP).—George E. Crawford, 62, general sales manager of the canned salmon department of Canadian Fishing Co., Ltd., died at his home here today. He had spent all his business life in the British Columbia fishing industry. Surviving are his widow and three sons.

Observation Car

By G.B.

Two elderly women stood viewing the reassembled V-1 flying bomb on display outside The Daily Colonist, View Street entrance. Obviously unfamiliar with the modern weapon, one asked: "What on earth is it?" The other replied: "I'm sure I don't know. Probably some souvenir one of our boys brought back" . . . Representative Clare Luce declared after visiting the notorious Buchenwald concentration camp in Germany: "Only a few years ago some were talking about there being good German people. After seeing this, one wonders whether there is any good in any of the German people" . . . The following sentences from the 12th to 20th verses in the 14th Chapter of Isaiah fit Hitler: "How are thou cut down to the ground, which didst weaken nations. For thou hast said in thine heart, I will ascend into Heaven, I will exalt my throne above the stars of God. I will ascend above the heights of the clouds, I will be like the Most High. Yet thou shalt be brought down to hell, to the sides of the pit. They that see thee shall narrowly look upon thee, and consider thee, saying: Is this the man that made the earth to tremble, that did shake kingdoms, that made the world as a wilderness, and destroyed the cities thereof, that opened not the house of his prisoners? But thou are cast out of thy grave like an abominable branch, as a carcass trodden under feet. Thou shalt not be joined with them in burial, because thou hast destroyed thy land, and slain thy people." The sentences were written about Lucifer, who was outdone by Hitler and his henchmen . . . If nobody gave us a helping hand, and nobody seemed to care; if the prize of life all went to the strong, and nobody gave us a share; if nobody had the time to give a thought to you and me, and we had to struggle as best we could, what a hopeless world 'twould be . . . One of the deepest fresh water dives on record was made early this month on the Columbia River near The Dalles, Ore., when a diver descended 200 feet.

Rattlesnake Pork Rebellion Rations

WINNIPEG, May 18 (CP).—It sounds mysterious when you hear veterans of the Riel Rebellion of 1885 talking of field rations.

Soldiers of today would be mystified if you asked them how they liked "rattlesnake pork," but it was one of the mainstays in the rations of 1885.

The veterans are here for a three-day diamond jubilee celebration of the Northwest Field Force, and John Munro, Winnipeg, a member of the horse-powered transport corps, told today of the food supplies carried to the Prairie warriors.

He said there was a plentiful supply of "rattlesnake pork"—big slabs of pork with no lean in it. The men also had hard tack and black tea.

Today, the veterans visited old Fort Garry, from whose gateway many of them set out on the long trek across the Prairies to subdue the revolt of Louis Riel, Metis leader, swapped yarns of long-ago battles, and tonight were honored guests at a banquet.

Sixty-four veterans are here for the reunion, 33 from outside points and 31 from Winnipeg.

According to Culbertson - - - -

Many experts hold the opinion that opening the bidding with two of a suit is a semi-sacred rite, and that shading these bids is consequently a sacrilege. Well, I certainly do not recommend the indiscriminate use of this important bid, but I should like to point out that rigid restraint in this field often influences fatal aggressiveness in the later stages of bidding. Consider this case:

South, dealer.
Both sides vulnerable.

NORTH
♠ 10 4
♥ 8
♦ K Q 8
♣ A Q J 9 8 5 2

WEST
♠ 5
♥ 9 7 3
♦ J 10 9 7 5 4 2
♣ 10 6

EAST
♠ K 9 8 7 3
♥ J 5 4 2
♦ 6 3
♣ K 3

SOUTH
♠ A Q J 6 2
♥ A K Q 10 6
♦ A
♣ 7 4

South, a nationally-known expert, was playing with a partner who was not quite so skillful and who was somewhat conservative in his bidding. South undoubtedly had these facts in mind when the bidding proceeded:

South	West	North	East
1 ♠	Pass	2 ♣	Pass
6 ♥ (!)	Pass	6 ♠	Pass
Pass	Pass		

The six spade contract was not bad, but the unfortunate concentration of trumps in East's hand was too much for South. He went down one trick.

This was in sad contrast to what would have happened at the far sounder contract of six clubs. Moreover, if South had applied his aggressiveness to the opening bid instead of his rebid, the six club contract unquestionably would have been chosen. This would have been the sequence:

SOUTH	NORTH
2 ♠	3 ♣
3 ♥	6 ♣
Pass	

Even if North made the conservative bid of only five clubs on the second round, South would bid six as a matter of course.

Full Employment, Good Pay Is C.C.F. Leader's Promise

SAN FRANCISCO, May 18 (CP)—An era of soundly-based prosperity with full employment, good pay and just prices for what is produced is the promise of the C.C.F. if it is placed in office in the forthcoming general election, M. J. Coldwell, C.C.F. leader, said tonight in an address prepared for broadcast from here.

Mr. Coldwell also spoke of a "grave and disturbing report" to the effect that a group led by "big corporate and financial interests" with headquarters in Toronto would unloose a "flood of vicious propaganda" against the C.C.F.

The C.C.F. platform as set forth by Mr. Coldwell called for:

1. A good job or training for a job for all ex-service personnel.

2. Full employment for all who are willing to work, including the so-called white-collar workers.

3. Steadily rising purchasing power hand in hand with steadily increasing farm prices, the outcome of full employment.

4. An opportunity for farmers to feed hungry people of the world with fair prices and assured markets.

5. A flat payment of old-age benefits to everyone reaching the age of 60, poor or rich, with fair tax laws to enforce equity.

To achieve these results Mr. Coldwell said the party would establish "social ownership and control of giant monopolies; conversion of Government-owned war plants to peacetime production; planned programs in housing, slum clearance and regional development."

Other measures would be legislation "setting up fair social and labor standards" coupled with national marketing legislation to ensure parity prices, and a system of "planned trade."

Announcing his departure from San Francisco, Mr. Coldwell said his particular work at the conference had reached the stage where he could properly leave.

"Some other Canadian delegates evidently found it convenient to leave here a few days earlier but I could not conscientiously do so," he added.

Prime Minister Mackenzie King, Justice Minister St. Laurent and Mrs. Cora Casselman, Liberal member for Edmonton East, left earlier this week to open their campaigns.

Liberal Member Answers Charge

R. W. Mayhew, Liberal M.P. for Victoria, told a meeting in St. Mary's Hall, Oak Bay, last night, that Prime Minister Mackenzie King had telephoned and written congratulations to him following his speech on the conscription issue in the House of Commons. J. V. Johnson was chairman.

Mr. Mayhew was answering a charge he said Sir Henry Drayton had made publicly that the member had voted against Victoria's seven-to-one affirmative on the plebiscite. He read from Hansard a section of the speech in which he had attempted to interpret the Prime Minister's motion to send 16,000 draftees overseas. Mr. Mayhew said that in addition to the unsolicited messages from Mr. King, which had remained private until last night, he had received more congratulations from the opposition side of the House than he had from Liberal members.

Surveying the Progressive Conservative strength in the nine provinces, Mr. Mayhew found that only in Ontario did the party have expectations of electing a substantial number of candidates. In Quebec, the party had nominated only 29 candidates, he said, while support in the Prairies was doubtful. Mr. Mayhew believed they could get no seats in Prince Edward Island, and only two or three each in New Brunswick and Nova Scotia.

The Liberal member claimed he was "not going to be a Peter and deny my teacher," but he was also not going to be a "yes man" even to his leader.

If the issue of conscription had been placed before the 245 Members of Parliament and every man had voted as his constituents wanted him to, Canada would never have had conscription, Tom Reid, M.P. for New Westminster, told the meeting.

Listing the accomplishments of the Dominion under the King Government, Mr. Reid included the turning out of ten billion worth of munitions, 70 per cent of which went to the Allies; a high peak reached in national income, and plans already laid for bringing about full employment in the post-war.

Invites Montgomery

FORT WILLIAM, May 18 (CP)—Fort William takes people at their word.

Yesterday, Field Marshal Montgomery said in a broadcast to Canadians that he hoped "one day to visit your great country—if you ask me."

Today an official civic invitation went forward from the Lakehead City by cable to the field marshal. It read: "Famed for its fighting men and its warm Canadian hospitality, Fort William invites you forthwith." It was signed by Arthur Widnall, Civic Travel Bureau chief.

Island's Final Loan Total 25 Per Cent Over Objective

Vancouver Island subscribed $13,340,950 in the general canvass in the Eighth Victory Loan, 25.4 per cent more than was asked, and subscribed $10,046,750 in the "special names" canvass, nearly 34 per cent more than the minimum objective.

Greater Victoria general canvass subscriptions climbed past the $8,000,000 for which officials hoped, and the final figure was 120 per cent of the $6,800,000 minimum quota.

Nanaimo led the Island with 150 per cent; Saanich, Esquimalt rural and Gulf Islands scored 137 per cent; Cowichan-Duncan, 136; Ladysmith, 135; Courtenay-Comox, 125, and Alberni-West Coast, 115 per cent.

Final figures for the general canvass were:

	Approx. No. of Applications	Quota	Subscribed	%
Greater Victoria	26,000	$ 6,800,000	$ 8,198,750	120
Saanich, Esquimalt rural and Gulf Islands	3,000	900,000	1,235,200	137
Cowichan-Duncan	2,400	800,000	1,090,100	136
Courtenay-Comox	2,350	600,000	751,600	125
Nanaimo	2,600	725,000	1,092,350	150
Alberni-West Coast	3,600	640,000	736,750	115
Ladysmith	900	175,000	236,200	135
Totals	40,850	$10,640,000	$13,340,950	125.4

SPECIAL NAMES GROUP BOOSTS ISLAND TOLAL

The Island figure of $13,340,950 is regarded as particularly significant because, it is contended, an exceptional proportion of subscriptions come from individuals in the "special names" class. In this class are persons of independent means, as well as the Government, large corporations and estates.

The result, it is pointed out, is to throw a larger burden upon the general public, whose subscriptions show in the general canvass and whose record of performance is therefore regarded as that much better.

The record of the "special names" group is also a matter for pride because the quota of $7,500,000 anticipated has been exceeded by 34 per cent, the final total being $10,046,750. Special name contributions were sought from each of the Island units except Alberni-West Coast. The response in each unit is shown in the following table:

	Quota	Subscriptions
Greater Victoria	$5,953,000	$9,278,750
Lower Vancouver Island, Rural and Gulf Islands	90,000	115,000
Cowichan District	250,000	345,000
Comox-Courtenay	50,000	75,000
Nanaimo	140,000	215,000
Ladysmith	13,000	20,000
Totals	$7,500,000	$10,046,750

J. W. Spencer, chairman of the War Finance Committee for Vancouver Island, yesterday issued a statement in which he said:

NEARLY $100,000,000 IN ISLAND INVESTMENTS

"Once again it is my pleasant task to say 'thank you' to the people of this Island for another splendid Victory Loan effort. Vancouver Island was asked to accept a quota of $10,640,000 for the Eighth Victory Loan. Your response was such that this figure was exceeded by 25 per cent for a final total of $13,340,950.

"Every part of the Island shared in this achievement, but special mention must be made of Ladysmith, which for the third successive loan was the first unit in British Columbia to reach its quota, and of Nanaimo, which finished up with 150 per cent of its quota, the second highest unit in the province.

"As chairman of the Vancouver Island War Finance Committee I look back with pride on what the Island has done, as a measure of its war effort, in the eight Victory Loans that we have had during the past five years. Every loan has been subscribed far beyond the amounts expected as our share of the national effort. The Aggregate of Victory Loan purchases by individuals on the Island during this period runs close to $100,000,000. In addition to this huge amount our industrial firms have invested many millions.

"Our job is not yet finished. Japan is still to be beaten, and our fighting forces have still to be returned to civilian life. There will be more loans in the future, and I know that the people of Vancouver Island will respect their responsibility so long as these loans prove necessary.

PAYS TRIBUTE TO MANY ASSISTING

"With the successful conclusion of Canada's Eighth Victory Loan may I take this opportunity, on behalf of the publicity section of the Victory Loan organization, to thank all those public spirited firms, organizations and individuals who so generously helped to publicize the need for continued financial support to our Government during the past loan period," J. D. Munro, public relations section, stated.

"The measure of the co-operation given in Victoria during the Eighth Victory Loan is reflected in the outstanding results achieved," he declared.

Rights of Workers Better Under Private Enterprise

SUDBURY, Ont., May 18 (CP)—The Progressive Conservative party believes that the rights of workers can best be protected by a system of private enterprise rather than by a system of public ownership, John Bracken, national leader of the party, told a political rally here last night.

Mr. Bracken made the statement when a man in the audience interrupted him while he was outlining the party's labor policies before a mixed audience in this Northern Ontario mining city, another stop-off point in a cross-country Federal election campaign tour.

"We believe that these rights can best be secured under a system of private competitive enterprise," said Mr. Bracken, who will spend today traveling to Kenora, Ont., where he will address a meeting Saturday.

"We accept the opinion expressed on this point by William Green, president of the American Federation of Labor, and Philip Murray, president of the Congress of Industrial Organizations, who stated, on March 28:

"The rights of private property and free choice of action, under a system of private competitive capitalism, must continue to be the foundation of our nation's peaceful and prosperous expanding economy.

"Free competition and free men are the strength of our free society."

Mr. Bracken said some people believed that the rights of workers could best be secured under a system of public ownership.

"The C.C.F. believes in that," shouted a man in the audience.

Mr. Bracken said he knew the C.C.F. believed in state ownership but they would learn better before they got much older. The doctrines of the C.C.F. had been condemned 100 years ago when they appeared in the Marxian Communistic Manifesto.

Another questioner wanted to know where the Progressive Conservative party had proven itself. Mr. Bracken said his party would prove itself and he asked where the C.C.F. had proven itself.

At one point a man interjected: "Is R. B. Bennett, Viscount Bennett, former Conservative leader, your friend?"

"I voted against R. B. Bennett if that is of any interest to you," said Mr. Bracken, a Liberal Progressive before he accepted the Progressive Conservative party leadership in 1942. The Progressive Conservative party was a new party that stood for the preservation of the best of yesterday and the acceptance of the best of today.

The party stood for a job for every man at fair pay, for furthering the development and growth of the trade union movement, for outlawing company dominated or financed unions, for the spread of labor-management committees, for genuine compulsory collective bargaining, for holidays with pay and for a uniform and comprehensive security plan to cover all Canadians.

Replying to a question of an army private in the audience as to what was to be done with the 25,000 soldiers being demobilized a month, Mr. Bracken said members of the armed forces, except at their own request, would not be demobilized until they have jobs at proper rates of pay. On the basis of this policy, the first-in, first-out principle would apply. Red tape would be eliminated. None of the present allowances or grants would be decreased. Pension rates would be reviewed and increased to meet increased cost of living.

Mr. Bracken spoke for one hour and a half and the interruptions and questions were spread over a period of about 40 minutes.

Prior to dealing with the party's labor policies, he treated with Dominion-provincial relations and taxation, particularly as it affects mining and prospecting.

The Progressive Conservative party in government would call a Dominion-provincial conference to draw up a simplified tax structure and to remove duplications. Personal income tax rates would be lowered and the taxation system changed so that business would not be discouraged from investing "venture" capital.

PASSES AT 103

VERNON, May 18 (CP) — Mrs. Lydia Tarry, 103, one of the oldest residents in British Columbia, died at the home of her son, Frank, in nearby Squilax today.

Mrs. Tarry was born in London, England, and first came to Canada in 1863. She returned to the Old Country for a visit in 1917 and ten years later came back to Vernon, where she lived until a few months ago.

PITTSBURGH, May 18 (CP)—Paul Waner, veteran major league outfielder, who three times led the National League in batting, has signed to play with the Dormont club of the Greater Pittsburgh League, a semi-pro outfit. He will play only home and exhibition games.

Sir Henry Speaks On Party Plans

"I do not run in an election for the purpose of beating anyone or hurting anyone," Sir Henry Drayton told friends and members of the Progressive Conservative Party at headquarters in MacDonald Hall, 738 Fort Street, last night. "I am only interested in seeing the will of the people properly carried out. This is your fight," he declared.

He reminded his audience that a vote for R. W. Mayhew was a vote for Premier King, and that a vote for himself was a vote for John Bracken's program for a new and better Canada.

The Progressive Conservative program called for co-operation of all classes in Canada for the welfare of all. Teamwork between labor and management was essential. Mr. Bracken had no use for stagnant capital, Sir Henry said. He was looking forward to using stagnant capital to develop the resources of Canada.

Charles F. Gray, speaking in support of Sir Henry, declared: "Victoria has labored long, but at last she has brought forth a man." Sir Henry was a man of unassailable integrity and vast experience, he said.

Mrs. C. H. Smith, president of Victoria Women's Progressive Conservative Association, was chairman.

Sayward Pioneer Is Laid at Rest

Funeral services took place last week at Sayward for one of the best-known residents of the Sayward district and a J.P. for many years, J. E. Armishaw, who passed away at Lourdes Hospital at the age of 74. He had been ill since Christmas.

Mr. Armishaw was born at Carnnock, Staffordshire, England, in 1871. In 1888 he came to Spring Hill, Nova Scotia, and it was there he was married to Miss Jane Wilson. In 1900 he came to Vancouver and was in the confectionery and bakery business there until 1913. He was a cornet soloist in the Duke of Connaught's Rifles and took an active part in the Japanese Exclusion League as its secretary. Because of ill-health he left Vancouver for the country, settling in the Sayward valley, where he has lived ever since for the past 32 years.

From the first he took an engrossing interest in the little community and was never tired of writing or speaking about its resources and possibilities. He ran against A. W. Neill as a farm-labor candidate early in the twenties and has been a strong supporter of the co-operative movement. The extension of the Island Highway to Sayward, completed a year ago, was a theme he had advocated for the past third of a century.

He is survived by his widow, two daughters, Mrs. McCreery, of Vancouver, and Mrs. George James, of Sayward; one son, George, at Sayward; two granddaughters, Mrs. H. Newman, of Abbotsford, and Miss Elizabeth Ann Armishaw, at Sayward; two grandsons, George Wilson, of Sayward, and P.O. W. A. James, of the R.C.A.F.

To Demonstrate For Hollanders

UTRECHT, Holland, May 18 (CP)—Organized to show Netherlanders the men and equipment which effected liberation, a Canadian Army demonstration team will begin a tour of larger Dutch cities Sunday.

Embracing infantry, guns, tanks, reconnaissance cars and such special equipment as flame-throwers and amphibious vehicles, the "circus" is commanded by Lt.-Col. Drayton Walker, of Saskatoon and Melfort, Sask., commander of the Saskatoon Light Infantry.

The troops will march into each town behind a military band and parade to the square.

After a demonstration of infantry, machine-gun, tank and artillery drill, the civilians will be allowed to inspect the equipment.

Units chosen to represent Lt.-Gen. Charles Foulkes' 1st Canadian Corps are the Calgary Regiment, a tank formation; the Carleton and York Regiment, an infantry unit from St. Stephen and Woodstock, N.B.; the Saskatoon Light Infantry; the Princess Louise Dragoon Guards, Ottawa, and an R.C.A. band.

Farms for Prisoners

PARIS, May 18 (AP)—One of the biggest jobs to which German prisoners in Europe will be turned as speedily as possible is farming, which holds a priority second only to that of getting American forces on the move toward the Pacific. Russia and Britain are using prisoners for reconstruction, and the French are requesting thousands to rebuild ruined towns and cities.

HITLER'S CAR TO MUSEUM

PARIS, May 18 (Reuters)—Gen. de Gaulle has decided to place Hitler's bullet-proof Mercedes-Benz, captured by French troops at Berchtesgaden, in a war museum. All cars Allied troops may pick up in Germany will be handed to the French to relieve France's transport problems, it is understood.

WINDSOR, Ont., May 18 (CP) — Two moves to combat this city's increasingly serious meat shortage were made today by Mayor Arthur Reaume as thousands of shoppers from Detroit continued to purchase food supplies in Windsor daily.

Help the Young People To Health - Happiness

What a common sight to see a young person whose bloodless face and feeble frame are evidences of poor circulation and weakness where bounding health and rosy cheeks should reign.

Young people in such a condition are generally of an anaemic nature and require a preparation containing iron to improve the blood content.

Milburn's Health and Nerve Pills meet this requirement, as they contain three concentrated forms of iron of an easily assimilated nature together with other valuable ingredients indicated for building up the system and helping to improve the blood content.

Price 50c a box, 65 pills, at all drug counters.
Look for our trade mark a "Red Heart" on the package.

Miss Francis will present her pupils in a piano recital to take place June 2 at the Y.W.C.A.

My Neighbor Says:

There is not much gained in planting flower seeds too early. If planted when the ground is really warm, they grow more rapidly. Have seed bed soil thoroughly raked until the soil is very fine. Make a shallow trench with a hoe handle, sow seeds, cover and firm soil with a hoe. This brings the soil and seeds into close contact and brings quicker germination and growth.

Weddings

ATKINSON—OAKMAN

At St. Matthias' Church, Rev. E. G. Burges-Browne officiated at the marriage last evening of Eileen "Lee," youngest daughter of the late Mr. and Mrs. E. R. Oakman, Victoria, and Roy Thomas Atkinson, Stoker First Class, R.C.N.V.R., only son of Mr. and Mrs. Thomas Atkinson, Victoria Avenue, Oak Bay. White stocks adorned the altar and the guest pews were marked by small Colonial bouquets. Mr. Ellis presided at the organ and the bride's brother, Mr. J. Oakman, sang. Attired in a white satin gown with full skirt, sweetheart neck and basque bodice, the bride was given in marriage by her brother, Mr. James Oakman. Her fingertip veil fell from a coronet of white flowers and she carried a bouquet of pink roses and white carnations. Floor-length blue sheer dresses with butterfly hats en suite and Colonial bouquets were chosen as their ensembles by the bride's attendants: Mrs. June Scott, matron of honor, and Miss Maureen Coleman, bridesmaid. Little Barbara Oakman, niece of the bride, wearing a long pink frock, was the flower girl. Best man was Bernhart Bjornäfelt, R.C.N.V.R., and the bride's twin brother, L.A.C. Robert Oakman, R.C.A.F., ushered.

A reception was held in the church hall where Mrs. Atkinson and Mrs. C. Truran, sister of the bride, received. The toast was given by Mr. Edward Groom. For a honeymoon on the Mainland and Up-Island, the bride wore a rose-figured silk with blue coat, navy accessories and a corsage of pink rosebuds and lilies of the valley. The couple will make their home here.

MUNRO—NAYLOR

Violet Settle, daughter of Mr. and Mrs. E. Naylor, 2963 Scott Street, exchanged marriage vows with L.A.C. William Donald Munro, R.C.A.F., son of Mr. and Mrs. Munro, Red Deer, Alberta. Rev. Dr. T. E. Holling officiated. The marriage took place Saturday, May 12, at 8 p.m. at Belmont United Church. Given in marriage by her father, the bride wore a street-length dress of white brocade organza, and matching floral hat with shoulder-length veil. She carried a bouquet of pink carnations and sweet peas. Mrs. Mary Fullerton, sister of the bride, was matron-of-honor, wearing a sheer blue dress, with matching floral headdress and veiling. Bridesmaids were Miss Gladys Morris, Barrhead, Alberta, and Miss Ellen Naylor, sister of the bride. They wore dresses of pink sheer with matching floral headdresses and veiling. The three attendants carried colonial bouquets. L.A.C. Lloyd Miller, R.C.A.F., Toronto, was groomsman. Reception was held at the home of the bride's parents. For a honeymoon trip to the Mainland the bride donned a green topcoat over a navy blue suit. Her corsage was of gardenias.

Allies Face Behavior Problems In Governing Conquered Germany

WIESBADEN, Germany, May 18 (AP)—American officers coming to grips with the task of governing Germany are somewhat startled by the realization they have on their hands a nation which is largely feminine.

Preliminary surveys show that at the moment there are five women for every two German men in the adult productive years and this is expected to weigh heavily in the postwar behavior of the country, involving psychological considerations with which veteran officers admit they are unfamiliar.

Even the return of German prisoners in the undetermined future will not balance the situation until today's children grow up. As a consequence, hundreds of thousands of maturing German women face the prospect of a husbandless life if the nation is going to stick to monogamy.

The Nazi slave labor system released an extraordinarily high proportion of German men for the fronts where they became casualties or prisoners. Now the burdens of reconstruction and reparations sacrifices are sure to fall most heavily on women, and if, in addition, it is to be a loveless life, it may lead, in the opinion of some officers, to a spiritual smash-up which could have repercussions far beyond the German frontiers.

Lieut. U. C. Biel, of New York City, Military Government officer making a study of this factor, said if even one frustrated woman was unpredictable the mass of feminine frustration which seems in store for Germany was completely outside the bounds of calculation and could bring strange unprecedented slants to the postwar mentality.

The officers are taking up gingerly the spiritual aspects of defeated Germany and how to cope with them. For instance, organizations like the Hitler Youth Movement have been abolished but Germans remain romantic, want to hike and dream in forests and to have organized gymnastics and athletics. Many observers are recommending there be supervised organizations.

50,000 DISAPPEAR

WITH THE BRITISH SECOND ARMY, May 18 (AP)—The disappearance of approximately 50,000 slave laborers has posed a major mystery for the British Military Government in this German zone of occupation. The slave laborers had been stationed in a camp at Nuen Gamma, about ten miles southeast of Luneburg. They were known to have been employed at several brick factories, but when the camp was found they were gone.

Jubilee Hospital Receives $1,000 Anonymous Donation

Gift of $1,000 made in the spirit of thanksgiving for victory in Europe" was gratefully acknowledged by Royal Jubilee Hospital board of directors at their meeting held last night, with Mr. E. W. McMullen presiding.

Mr. F. F. Winslow, manager of the Royal Trust Co., forwarded the generous donation, which he stated, came from an anonymous donor who was a client of the company.

"It is also an expression of the donor's appreciation of the rapid strides forward the hospital is making to meet all the requirements of the community," the enclosing letter stated.

Reports showed that April had been the heaviest month since February, 1944. While official capacity was set at 350 beds and 54 bassinettes, on one day in April there had been 364 patients and 54 babies in the hospital.

One hundred and eight babies were born in April, one of the highest months on record; out-patients numbered 783 and there were 70 accident cases.

Donations included four cases of asparagus from Mayo Singh and one case of oranges from the Khalsa Diwan.

Directors expressed gratification at results of the Victory Loan. A total of $26,850 was subscribed by 241 employees, reaching 112 per cent of the quota. Special mention was made of Mrs. R. Hallas, housekeeper, whose department obtained 165 per cent of the quota. She received the pennant accorded the highest department.

The annual meeting of the board of directors will be held Friday, June 22, at 3 p.m.

Films Shown to El Espanol Club

Films of Spain, Brazil and the "Bridge," showing the future possibilities of air trade routes were enjoyed by the El Espanol Club members when they met on Tuesday evening. The films were shown by Mr. Fred Norris, of the Junior Chamber of Commerce and the National Film Board, to the club which is comprised of a group of young people of Victoria who are studying Spanish.

After the entertainment refreshments were served under convenership of Mrs. Ina Alexander, Miss Herkes, Miss Audrey Blakemore and Mr. F. L. Anscombe, president.

Visitors from South and Central America and members of the Wren Spanish class from Moresby House were present.

Larger Families Should Answer Population Need

"The best way to fill the country is with children of Canadian people," Mrs. Nancy Hodges, M.L.A., said of the Dominion's need for increased population, in an address before some 200 women gathered at the Chamber of Commerce auditorium to hear three Liberal leaders of the province speak.

Before outside immigration was thought of, encouragement of larger families and provision for Canada's own men must be considered, she stated.

"People should be encouraged to have children," Mrs. Hodges commented. "The family allowance scheme is a sound economic plan."

"War has shown us that the only way we can have prosperity is to keep up the spending power of the people. Distribution of $250,000,000 in family allowances each year will help those in lower income brackets," Mrs. Hodges explained.

The present Federal Government, Mrs. Hodges said, had brought in many social changes for the betterment of Canada, such as the family allowance; national housing, providing homes within range of everyone's budget, and so on.

Most important achievement probably was the prevention of price inflation and a great war effort. The United States, where black market had become widespread because of inflation, fully recognized the outstanding work done by price control here, she declared.

"You have to go outside to hear the real tributes paid to it."

Introduced by R. W. Mayhew, M.P. for Victoria, the chief speaker, Tom Reid, M.P. for New Westminster, declared the present administration had spent every minute of its term promoting war work and deserved great credit for its leadership.

"The people of Canada have done a marvelous job. Man for man, no country of our Allies has surpassed Canada in its war effort," he asserted.

Mr. Mackenzie King's Government had shown that it was prepared for the postwar and many of its plans were now in operation, he stated. It was unthinkable that an untried government should come in and lead the country at a difficult time when experience was a prerequisite, Mr. Reid declared.

Family allowances, he said, were only opposed by those who had never lacked the necessities of life. Socialist rule suggested more regimentation, he warned. Mrs. H. T. MacKenzie presided at the meeting.

Tea was served by the ladies of the Women's Liberal Forum, and the following were in charge: Mrs. Blair Reid, Mrs. T. C. Smith, Mrs. Earl Pollock, Mrs. Jean Joyce, Mrs. M. Crossman and Mrs. Norris.

During the afternoon Mrs. J. Slater contributed a solo and Mrs. Bertucci was pianist.

Nursing and National Health

IV.—OUR CANADIAN NURSING FABRIC

The women who were the superintendents of Canada's early Schools of Nursing were women of great vision. They built better than they knew. Their leadership inspired their students towards creating, maintaining and expanding a scientific efficient nursing service throughout the country. It is but thirty-six years since Miss Mary Agnes Snively threaded the sturdy warp of Canada's nursing fabric. Each strand had its origin in a small local nurses' association or hospital alumnæ association. These strands gradually became entwined to form the provincial organizations which are now the nine strong threads of the Canadian Nurses Association. The total membership for the year 1945 is 22,000.

In keeping with its basic philosophy that the nursing profession is responsible for safeguarding the public in the use of professional and non professional nursing service, the Canadian Nurses Association endorses the principle that all who nurse the sick for hire be licensed, and stands behind the provincial associations in the protection of standards of registration. The national association is primarily interested in raising the standards of nursing care, and in making this better nursing care available, as needed, to all citizens, regardless of their ability to pay.

The affairs of the Canadian Nurses Association are conducted by an Executive Committee which functions as an advisory council and whose members include the presidents of the nine provincial associations. It, in turn, is a member of the International Council of Nurses and shares in the responsibility for promoting better nursing standards on an international basis. The affairs of the Association are kept before the membership through the pages of the official journal "The Canadian Nurse".

The national association took up the problems of its constituent members from its inception. Such vital matters as the registration of nurses, development of district nursing to meet the urgent needs of Canada's frontiers, improvement in conditions for nursing throughout the Dominion occupied the attention of the Association. It is its belief that the conditions of fair employment can best and most effectively be secured through co-operation and a process of public education, since any arbitrary regulation of working conditions for nurses without consideration of the patient violates the spirit of nursing.

To facilitate its work, the Association has formed within itself special interest groups according to the major fields of nursing: Hospital and School of Nursing Section, Public Health Section and General Nursing Section. Through the Committee on Nursing Education the interests of these three sections are interwoven in an overall design of improved standards of nursing education.

Many new threads are about to be woven into our Canadian nursing fabric. Although the portion so far revealed is not without flaws, yet it is of a quality and a durability of which all Canadians may be justly proud.

MEN DISLIKE GIRLS' SLOPPY JOE STYLES

Perhaps thousands of girls are doing it, each trying to look more like a rag doll than her girl friend. But the men don't like it. The case against the slovenly girl is summed up in this serviceman's letter:

"Dear Miss Fairfax:

"For goodness sake, what's happened to the girls in the two years I've been overseas? I left my fiancee with the understanding we would marry if I came back. She was a trim, smart-looking girl I was proud to take anywhere. She had the prettiest little well-shod feet, and the rest of her clothes, though I can't describe them, were just right.

"When she met me at the train in the good old U.S.A., I had some difficulty in recognising the disheveled doll waiting. I wouldn't have known her if it hadn't been for her smile and lovely teeth. She wore those horrible slacks, a knee-length coat which might have belonged to her brother, her head tied up with a handkerchief, her shoes those clumpy loafers ready to drop off.

"It was Holy Week when we landed, and I couldn't help asking her if she were doing some sort of penance. This made her 'mad,' and she said all girls dressed the same way now, and only old maids and elderly ladies went in for fashion-plate clothes.

"I was so disappointed that I couldn't resist the temptation of pointing out several well-turned-out girls at the station. I had expected to take her to lunch at the best place my pocket could afford. But I squirmed out of that and we went to a beanery.

"This was the girl I had dreamed of coming back to! I couldn't help wondering if everything in our future life would be carried on at this down-at-heel level. I hope my displeasure at the way she got herself up might make her go back to being the well-turned-out, smart-looking girl I had left behind me, but no . . .

"Everything about her seems to have slumped with her clothes, her point of view, her way of looking at human relationships, home life together, children. I'm in a fog about what is waiting for me. Is this girl just one more indictment of the war? What do you think of our chances of happiness?—J. K."

Unless the girl's morals have gone down-at-heel, as well as her appearance, why not give her another chance? I've seen too many hideously unbecoming styles engulf women before this rag-doll age, to take this passing whim seriously.

McGeer to Enter In Civic Election

VANCOUVER, May 18 (CP).—G. G. "Gerry" McGeer, Liberal Member of Parliament for Vancouver - Burrard in the last Parliament, said in an interview following a Federal election rally last night that he will be a candidate for park commissioner at the December civic elections in Vancouver.

"Don't think I'm going to quit the public service of Vancouver or British Columbia just because I'm not going back to Ottawa," Mr. McGeer said. "I have decided to stay at home and go to work here because I am satisfied there is more work to be done here than could be done in Ottawa."

Mr. McGeer, former mayor of Vancouver, is not a candidate in the June 11 Federal general elections.

Hold Annual Meeting Of Bar Association

W. H. M. Haldane was re-elected president of the Victoria Bar Association at its annual meeting in the Court of Appeal room of the Courthouse on Thursday night.

Arrangements for the annual meeting of the Law Society of British Columbia, which will be held here on July 6, were discussed at the meeting.

Other officers elected were: D. P. W. Maunsell, vice-president; J. Alan Baker, secretary; E. C. McIntyre, treasurer; R. A. Wootton, J. B. Clearihue, K.C., Carew Martin, K.C., R. S. S. Yates, J. McKenna, J. H. Harman, J. R. McIlree and H. J. Davis, executive committee.

Hold Annual Banquet

Nearly 200 members and friends of the International Brotherhood of Electrical Workers, Victoria Local No. 230, filled the lower ballroom of the Shrine Auditorium last night at their 43rd annual banquet. A. S. Bevan was chairman.

Arrangements were made by Harold Duncan, Harry Down, Charles Beck, Robert Armstrong and George Songhurst.

Those taking in the entertainment program were: Raye Evenden, Agnes Richards, Thelma Gatz, Catherine Craig, Norman Tyrell, Arthur Stringer, R. Stofer, Barbara Dawson, Catherine Dennison, Isobel Stewart, Ernest Crawford, Sheila Morgan and Vera Critchford. The program was arranged by Warren Martin, and Dick Batey was master of ceremonies.

B.C. Manufacturers To Present Display

British Columbia manufacturers will present a display at Oak Bay High School on May 31 with proceeds divided between the Oak Bay Community Centre and a sports accident fund of the School Board.

The plan was discussed at a recent meeting of the Oak Bay Community Centre and approved by the members. The display will be held in the afternoon for school children and in the evening for parents.

A colored film and a quiz program will be highlights of the afternoon display, presided over by Trustee Colin T. Martin, chairman of the School Board. Seymour deGruchy, chairman of the B.C. Products and Industrial Bureau, will be the speaker in the evening. There will be a variety program and a quiz with cash and merchandise prizes.

Padre Did Not Like Shows for Soldiers

VANCOUVER, May 18 (CP).—Rev. H. E. D. Ashford, former R.C.A.F. chaplain overseas, today told delegates attending the British Columbia convention of the United Church of Canada that entertainment programs presented troops overseas are "the dirtiest, filthiest, muckiest things imaginable."

Mr. Ashford, who served in Africa and England, said airmen unappreciative of the "filth" sang the Lord's Prayer. He said that in North Africa 90 per cent of Protestant soldiers went to voluntary services.

V.M.D. AND WESTS BATTLE TODAY

Two old rivals on the soccer front will go at it again today when Victoria Machinery Depot and Victoria West battle it out in the Vancouver Island semi-final of the Province Cup competition at Macdonald Park.

Greenshirts will enter today's cup fixture minus some of their regulars, and will probably find the chores just a little too tough. On the other hand the shipbuilders will have their Province Cup line-up on hand for the important competition.

Canny 'Jock' McColl has been eyeing the Province Cup for many years, and recalls only too vividly that his club came within an ace of lifting the trophy a few years back. McColl is still on the trophy hunt, and figures his chances are pretty good this time.

All we can say is that we think the Victoria Machinery Depot outfit will send the Greenshirts to the sidelines today, but as to winning the cup, that's another matter. First there is the Up-Island competition to get rid of, that is, of course, assuming the V.M.D. can win today, and finally there will be the Vancouver team to contend with.

Getting back to today's match our choice is the V.M.D. by two markers.

* * *

DIAMOND DUST

After two games replete with errors, calibre of play improved considerably last night when the Navy and V.M.D. came up with their usual interesting set to. For seven innings it was anybody's game with a sailor rally deciding the issue in that frame . . . Navy served notice they will be definite threats for the pennant, having a well-balanced nine built around most of last season's champions. Art Amon, former Saskatoon boy appearing in right field last night, impressed with three hits, including a vicious triple, and made a neat catch on the only fielding chance he had. Return of Jack Walker, who led the league in batting last year with a .474 mark, will add further strength . . . A freak play cropped up in the eighth inning when Campbell took a called third strike with two out and returned to the V.M.D. dugout. Catcher Bartko dropped the pitch and failed to throw to first to complete the out. Cagey Barney Barnawell, coaching at the initial sack, noticing the play, returned to the bench urging his teammates to hurry out into the field, meanwhile unobtrusively trying to get Campbell to run it out. Campbell finally caught on, made the bag and was called safe, creating an uproar as Navy players protested, but to no avail. No damage was done but at least it brought home forcibly the lesson to stay in the game . . . Conspicuous last night was the apparent inability of most players to lay down a bunt when ordered to sacrifice. It seems evident that many of them are more concerned with beating it out for a hit while others go to the other extreme and reach at everything . . . Majority of ball players get more kick out of fluke hits than any other variety and there were several occasions for glee last night, particularly on Shouldice's twister down the first base line in the sixth. Hit off the end of the bat, the ball gave every indication of bouncing foul but took a perverse hop and rolled inside the bag with Shouldice legging into the cushion safely. Babe Work also received credit for a bingle when Bartko, Johnson and Latiff failed to decide in time who should take his easy pop up and it fell untouched.

* * *

Lorne Murray, popular soccer and baseball star, wounded in the European battlefields, is back in the city after spending some weeks in the Shaughnessy Military Hospital at Vancouver. One of the best and most popular athletes developed here in recent years, Murray played baseball for Pitzer & Nex and the Victoria All-Stars and soccer for Victoria West . . . Baseball players will be "shooting" for the fence at Royal Athletic Park from now on with the announcement that there will be "dough in that there fence." Ross (Bud) Hocking, local sporting goods merchant, is going to put up a crisp, new five-dollar bill each time a batter hits the baseball on his sign being erected on the Pembroke Street fence . . . Ball players who are in need of a new hat will have an opportunity of replenishing their headgear by hitting Price & Smith's sign on the fence. The well-known local men's clothing store will donate a new hat to any ball player hitting the sign . . . Les Trimble, manager of the Black and White Taxi, sponsor of the juvenile soccer team bearing his firm's name, is already making plans to sponsor another club next season . . . Then too, my scouts inform me that Ernie Field, who worked with Charlie Lewis, manager of the Black and Whites and Victoria City, has another sponsor lined up for a new club he is organizing . . . Steve Johnson, proprietor of the Toppers Cafe and sponsor of the Toppers soccer team, is another businessman who was more than pleased with the showing of his boys in the local soccer league. And to quote Steve's words: "We will have a team again next year" . . . With just about two weeks' play under their belts, the teams in the Inter-High School Baseball League are already playing an improved brand of ball.

FASTBALL WORKOUT

K.V.'s junior fastballers will hold a workout at the Victoria High School grounds tomorrow at 10:30 a.m. All players are asked to attend.

St. Louis Browns Defeat Yankees; Boston Triumphs

Vern Stephens Homers With Bases Loaded—Dave Ferriss Registers Fourth Shutout

ST. LOUIS, May 18 (AP).—Vern Stephens' home run with the bases loaded in the third inning gave the American League champion St. Louis Browns a 4-1 victory over New York Yankees and handed Hank Borowy his first defeat of the season tonight. Borowy had won five.

It was Stephens' seventh home run of the season and the first grand slam for the Browns this year.

Nick Etten hit a homer in the second for the Yankees' only score.

The defeat dropped the Yankees back into second place behind Chicago White Sox.

Jack Kramer went the route for his fourth victory, against one defeat.

	R.	H.	E.
New York	010 000 000—1	9	2
St. Louis	004 000 00x—4	4	0

Batteries: Borowy, Turner and Crompton; Kramer and Hayworth.

FERRISS SCORES THIRD SHUTOUT

CHICAGO, May 18 (AP). — Undefeated Dave Ferriss scored his third shutout and fourth win as Boston Red Sox nipped the first-place Chicago White Sox, 2-0, on Bob Johnson's two-run double here today.

The defeat dumped the White Sox into second place in the American League, behind New York Yankees, who had a night game at St. Louis.

Ferriss, yielding only four hits, bested Joe Haynes in a sizzling duel that was settled by Johnson's two-base knock in the eighth, the last of five hits off Haynes.

The shutout gave Ferriss 34 scoreless innings out of 36 pitched. He previously bested Detroit, 8-2, Philadelphia, 2-0, and New York, 5-0.

National League

BROOKLYN, May 18 (AP).—Brooklyn Dodgers hammered out a 15-12 victory over Chicago Cubs in a slugfest tonight before 28,273 cash customers, the biggest Ebbets Field crowd of the season.

Five home runs were belted and Luis Olmo, of the Dodgers, connected for a grand slam clout in the opening frame and continued his heavy hitting with a triple and a double, knocking in seven tallies. Bill Nicholson batted in five for the Cubs, three coming when he hit a homer with two on. Bill Hart, Goodie Rosen and Andy Pafko contributed the other four-baggers.

It was the Cubs' sixth straight defeat.

CARDS RALLY TO DEFEAT PHILLIES

PHILADELPHIA, May 18 (AP).—St. Louis Cardinals scored four runs in the ninth inning to defeat the Philadelphia Phillies, 11-8, in a National League night game.

The Cards went into the ninth trailing the Phils by an 8-7 score, the result of a bases-loaded eighth inning home run by Jimmy Foxx.

The Phils started their rally when the world champions held a 7-2 lead and before the inning was ended six runs crossed the plate, four by benefit of Foxx' bat.

Charley Schanz was driven from the mound in the last-inning Cards attack with Lewis Lucier finally getting the side out.

GIANTS SET PACE IN NATIONAL LEAGUE

NEW YORK, May 18 (AP).—While the National League is enjoying its fastest get-away since 1912 the American League has been literally drowned out.

With 43 games in the junior circuit washed away after exactly one month of play, the Frick loop, led by New York Giants and the Brooklyn Dodgers, has hogged the spotlight.

Off to the hottest start since Cincinnati Reds won 20 of their first 25 games in 1912, Mel Ott's first-placers not only have tied the Reds' top break-away mark but have shown a combination of hitting power and pitching strength that may make bad guessers of the baseball experts who picked them to finish in the second division.

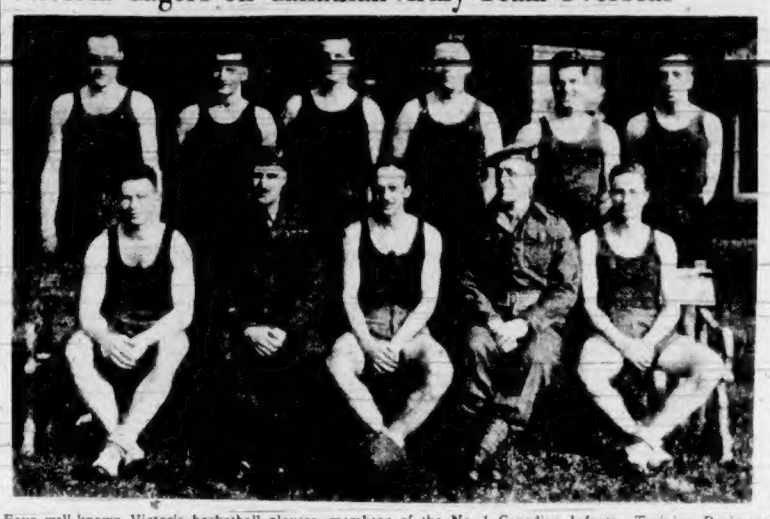

Giants lead the majors in hitting and fielding, own the top three home run hitters and runs batted in leaders in Ott, Phil Weintraub and Ernie Lombardi. They have clouted one-third of the loop's output of home runs and have six regulars hitting .300 or better.

In addition Giants boast the top pitcher in Bill Voiselle, who has won his first seven games.

The American League, which has shivered through a half a dozen more postponements in one month than it did in the entire 1944 season, played its first game today since last Sunday.

Its one ray of sunshine has been that no Sunday twin-bill has been wiped out since the start of the season.

Five Clubs to Play In Mainland League

VANCOUVER, May 18 (CP).—The Inter-City Senior Lacrosse League this season will be back on its old prewar basis—five teams and four playing nights each week. The fifth team was added to the circuit last night when New Westminster Adanacs were readmitted after a wartime lapse. The other teams are New Westminster Salmonbellies, North Shore Indians, Vancouver Burrards and Richmond.

GIL BRUCE

"RED" McMILLAN

BASEBALLERS and soccer players will hold sway on the local sports front today. At Royal Athletic Park the official opening ceremonies for the 1945 season are slated to get under way at 2 p.m., followed by a ball game at 7:30 p.m. between the Royal Canadian Navy and the Army. The nightcap attraction at the Caledonia Avenue ball lot will bring together the R.C.A.F. and the Eagles at 6:15 p.m. Gil Bruce, left, will be at his old stand at centrefield when the bluejackets oppose the soldiers at Royal Athletic Park. "Red" McMillan, right, will be on the greenshirts' soccer line-up today when the Wests battle Victoria Machinery Depot in the Vancouver Island semi-final of the Province Cup competition. Kick-off is set for 3 p.m. at Macdonald Park.

Navy Baseballers Turn Back V.M.D. In Season's Debut

City Champions Check In With 7-3 Triumph—Latiff Hits Homer—Two Games Billed Today

Getting to the veteran right-hander, Wilf Shouldice, for six of their seven runs in the late innings, and playing steady defensive baseball behind the effective hurling of Don Johnson, Navy began their defence of the city baseball championship by turning back V.M.D., 7-3, in a well-played fixture at Athletic Park last night before a crowd of 1,200 fans.

Mediocre in his few appearances last season, Johnson handcuffed the powerful shipyard nine, pitching cooly in the pinches and showing a good curve. He was touched for his first base hit in the sixth and had a shutout going into the eighth, but tired slightly in the late frames and allowed three runs in the last two innings.

Shouldice, starting for V.M.D. when Cy Shullio was unable to make the trip from Chemainus, matched Johnson's performance for four innings and was behind 1-0 going into the seventh when Dick Latiff's round-tripper touched off a sailor rally that netted four runs and sewed up the verdict. Navy wound it up with two more in the eighth.

Johnson opened shakily as he passed the first two batters, but a double play wiped out the threat. Navy made a great bid in the fourth when Amon walked and Bruce slashed a double to left centre. Bartko was purposely passed and the strategy paid off when Shouldice knocked down a bounder from McArdle and got Amon at the plate and forced Duz to ground out.

First score came in the next inning. Latiff and Parkins singled in succession with one out. After Van Hatten skied out, Amon worked the full count, fouled off a long one and then drove a screaming line drive over second scoring Latiff, but Strougler's accurate relay cut Parkins down at the plate as he tried to score.

V.M.D. made a bid in the sixth when Patterson drove a tremendous double to the left field fence with one away. Strougler struck out and Robinson came in to bat for Garnet and singled as his ground ball took a hop over Latiff's outstretched glove. Warshawski batted for Hudlin but Parkins threw him out on a neat running play.

LATIFF OPENS SEVENTH WITH CIRCUIT BLOW

Latiff opened the seventh by clouting the second pitch over the fence in left centre. Before the shipbuilders regained their poise, three more Navy runs were in. Parkins walked, Van Hatten laid down a sacrifice bunt to the right of the mound and received credit for a base hit when Work left his bag, apparently feeling that Shouldice was unable to field the ball. Art Amon, impressive addition to the Navy outfield, then drove both runners over as he connected for a slashing triple that rolled far into right field and scored the fourth counter as Bruce was thrown out at first.

Batting for Parkins, who injured a leg, Coach Bobby Wiegand, unpredictable as ever, drove over the last two Navy runs when he dropped a hit into right following Johnson's double and Latiff's single.

Finally beginning to solve Johnson's delivery, losers attempted another rally in their half of the seventh, but again a twin killing cut them short. Singles by Work, Robinson and Taylor, built around two walks, produced their first runs in the eighth and an error by Van Hatten allowed Work to count their last run in the ninth.

Art Amon, former Saskatoon player, paced the sailors with three blows in four trips and drove in three runs while Latiff added two singles to his four-ply wallop for three hits in five official appearances. Robinson, hitting safely twice in three tries after going in as a pinchhitter, was the top sticker for the losers.

Four teams will see action today in the regular Saturday double-header, featured by the opening day ceremonies. Navy and Army, last season's finalists, will clash at 2:30 p.m., immediately following the pre-game program, while the R.C.A.F. will be out after their second straight triumph when they engage the Eagles at 6:15.

E. Burton Heads Real Estate Men

Officers were installed and reports presented at the 24th annual meeting of the Real Estate Board of Victoria in Spencer's dining-room yesterday.

Those installed were: E. F. Burton, president; Lieut.-Col. Brooke Stephenson, first vice-president; H. F. Mitchell, second vice-president, and Hubert Lethaby, secretary-treasurer. It will be Mr. Lethaby's 22nd year in office. J. F. Meredith was reappointed auditor. Mr. Burton succeeds R. H. Shanks.

Membership of the organization was 59, Mr. Lethaby stated in his annual report. He noted that assets stood at $1,508, a slight gain over the previous year. A $100 war bond had been purchased during the year and he hoped another might be bought soon.

Those named members of the executive committee were: R. H. Shanks, Major M. K. Crockett, Alex Gillespie, Major H. C. Holmes and M. H. King.

The year ending March 31 had been an exceptionally busy one for the board, Mr. Shanks revealed in his annual report. He reviewed discussions held on advertising, rental control, housing administration, Brentwood ferry service, the Real Estate Agents' Licensing Act, rehabilitation and Veterans' Land Act.

"There is little or no doubt that this board desires work of a Dominion, provincial or municipal nature which will have the direct benefit of both furnishing employment during the postwar period, and at the same time help to re-establish returning men," the retiring president stated. He urged that the organization "see this thing through, and lend all efforts and support in any move to assist rehabilitation."

Sea Cadet Corps Inspected Here

Annual inspection of Royal Canadian Sea Cadet Corps, Rainbow I, took place last night at corps headquarters at the foot of Robert Street, when the area commanding officer, Lt.-Cmdr. D. S. Scott, R.C.N.V.R., H.M.C.S. Malahat, made his annual visit.

He was accompanied by Lt. S. B. Marshall, R.C.N.V.R., sea cadet liaison officer. The sea cadet committee of the Navy League of Canada, headed by Magistrate Henry C. Hall, was also present.

In the course of the inspection, the cadets carried out a smart march past, and the Sea Cadet Auxiliary Division was notably trim.

Following divisions, which included colors, divine service and the march past, the cadets proceeded to classes, where further inspections were made.

An impressive fire display was given by a party of cadets who manned a motor pumper on the corps jetty at the waterfront. Demonstrations of boat work with a service whaler were also given.

Lt.-Cmdr. Scott congratulated the corps on general efficiency and progress made during the year, and stated he was well satisfied with the inspection.

Lt.-Cmdr. F. W. Tribe, R.C.S.C.C., is the commander of the corps, and during the year fresh impetus to training and activities was given by the appointment of Cmdr. R. P. Kingscote, R.C.N. (ret.), as executive officer.

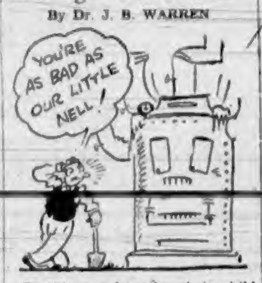

SUBSIDY FOR FEEDERS

WASHINGTON, May 18 (AP).—The Government gave cattle producers a guarantee tonight against ceiling price cuts, and at the same time set up a new subsidy to feeders, in a general attack on the meat shortage. Subsidies to packers of both beef and pork also were boosted.

LONDON (CP).—Brig. Hugh Hughes, Royal Army Medical Corps, of London, and Brig. C. B. C. Harvey, Royal Armored Corps, of Brailsford, Derbyshire, have just been awarded their second Bars to the D.S.O. for gallant service in Northwest Europe.

Infection Prevents Gain In Weight in Children

By Dr. J. B. WARREN

Parents wonder why their child does not put on weight as do other youngsters, despite the eating of plenty of nourishing food. Experience shows that in the presence of infection certain food factors are not fully or completely used by the body. In the presence of diseased tonsils, an infected sinus, or an abscessed tooth, for example, it is sometimes well nigh impossible to enrich the child's thin blood.

"DRUNKARD'S MATCH"

The "Drunkard's Match" of 1882 was so called because the holding end of the splint was treated with a fire-proofing chemical to prevent burning beyond mid-point, thus saving scorched fingers if the user's attention was distracted.

Victoria Employers Seeking 1,027 Men

Students on Summer vacations will comprise the only labor supply in sight to meet the critical labor shortage in Victoria, C. A. Mudge, manager of the local National Selective Service offices, revealed yesterday.

During the past week, local industry and business reached a new high in applications for male employees with 1,027 vacancies in the N.S.S. files, the local office reported. There has been a steady increase for many weeks. The increase during the past seven days was from 936 to 1,027 vacancies.

Victoria is experiencing the worst labor shortage of the war, Mr. Mudge declared. The demand is mainly for skilled trades in heavy industry and there were 224 men placed in positions through the office last week.

Although 321 were listed as unemployed, it was pointed out that this figure is comprised mainly of boys, men with handicaps, or men capable only of light work.

National Selective Service regulations governing women were relaxed this week, Mr. Mudge said, but there was no indication of any changes in male regulations. The labor shortage extends across the Dominion, he said. There is also no indication of any change in the regulations freezing men in jobs.

Women can now seek employment without first obtaining a permit, Mr. Mudge announced. The permit must be secured within three days of employment, however, and employers must still register orders with N.S.S. No permission is necessary for women and employers to advertise now, the local manager said, but unemployed women between 16 and 65 must still register if they are out of work for more than seven days.

Separation notices are still required from women, Mr. Mudge stressed. He pointed out that women are not at present and never have been frozen in their jobs.

Local figures in the women's section of the Victoria offices show 478 unemployed, [illegible] placed in jobs and 350 vacancies during the past week.

Scout leaders holding beads of the Gilwell Troop of Canada, denoting their leadership qualifications, held a dinner at the Douglas Hotel last Thursday. Those present were: Major H. B. Hunter, Freeman King, Victor Goddard, Ernest Merritt, George Davis, James Bullen, Malcolm Turnbull, Middleton McKenzie, William Horn, Mrs. C. Brook, Mrs. A. C. H. Phipps, Mr. Jean Matthews, Miss Jean Parker, Miss Doreen Parker and Miss Beatrice Gridley.

Magnificent Clematis Vine on Heywood Avenue

—By Staff Photographer

The above photograph shows a magnificent clematis vine screening the garage at the home of T. V. Thurburn, 970 Heywood Avenue. There are 220 species of clematis, of which 30 are native to North America. The flowers contain no honey, but are visited by insects for their pollen.

Labor-Government Group in Session

First meeting of the Labor-Government Committee studying provincial labor legislation opened yesterday at the Legislative Buildings.

[illegible] committee named yesterday were: Hon. George S. Pearson, Minister of Labor; Hon. E. C. Carson, Minister of Mines and of Trade and Industry; Adam Bell, deputy minister of labor; James Thompson, chief conciliation officer; Barrie Gould, Wartime Labor Relations Board; J. P. Hogg, K.C., legislative counsel, and James Dickson, chief inspector of mines.

Labor representatives appointed some time ago, are: Birt Showler, vice-president, and R. K. Gervin, provincial chairman, Trades and Labor Congress of Canada; J. Stevenson, president Vancouver Building Trades Council; Daniel O'Brien, president; Harvey Murphy, first vice-president, and Harold Pritchett, secretary-treasurer, B.C. Federation of Labor; H. Elliott, H. Mackey and H. Warde, Standard Railway Organizations. All are of Vancouver.

[illegible] committee is to consider labor representations presented preceding the last session. Several organizations met the Cabinet and during the session labor carried out an intensive lobby, trying to obtain action. At that time a joint committee was promised.

Mr. Pearson stated at the time that many of the requests might be met by changes in regulations rather than by new legislation.

Yesterday Mr. Pearson expressed hope that the deliberations of the committee would result in recommendations which would meet general approval and which could be accepted by the Government.

An extremely wide field was covered in the original labor briefs.

City and District

Permit Issued—The city yesterday issued a permit to E. H. Cooper to build a $5,000 dwelling at 45 George Road.

Quits Post—Resignation of Augustus Schumm [illegible] as a justice of the peace has been accepted by the Provincial Government.

Buys Island—A reserve on Whiffen Island, Sooke district, has been [illegible] to permit its sale to R. G. [illegible] R.C.A.F., for Summer [illegible] purposes.

Temporary Officer—[illegible] has been appointed deputy Government agent at Alert [illegible] during the absence of George Hoyt Hallett [illegible] leave June 1 to August 16. He was [illegible] of the offices [illegible] by Mr. Hallett.

Seek Tenders—Tenders for additions, including plumbing, to Tillicum, [illegible] and Cloverdale Schools are being called by the Saanich School Board, it was announced yesterday by David McAdams, secretary. Bids must be received not later than noon on June 1.

Lime Quarry—Application of Joseph G. Falconer to lease 30 acres near Cheam Lake, Yale district, for lime quarrying purposes has resulted in an order in council lifting the reserve on the land to permit its sale. The land is described as suitable only for quarrying, containing 98 per cent lime.

Receives Photographs—Many pictures of the Victoria Girls' Drill Team taking part in the V-E Day parade have been received by Capt. Norman Foster, director and trainer. Cash awards will be made for the best three. The contest, which ends this afternoon, has been sponsored by the drill team committee.

Road Tenders—Tenders are being called by the Provincial Government for bituminous paving throughout the province. Island paving projects are all within Section 1, which includes Alberni, Comox, Cowichan-Newcastle, Esquimalt, Nanaimo and the Islands and Saanich electoral districts. Tenders will be accepted up to noon on May 21.

More Cars—British Columbia licensed 122,119 cars up to April 30, compared with 121,632 at the same date last year, G. A. Hood, superintendent of the Motor Vehicle Department, reported yesterday. In Victoria, passenger cars numbered 17,703 compared with 16,467 a year ago; commercial cars 4,291 compared with 4,017; motorcycles 213 compared with 476, and dealers 47, compared with 48.

College Bursary—Friends of the late Capt. F. G. Dexter have opened a trust account in the Bank of Montreal branch at Oak Bay for the purpose of establishing a memorial bursary to Victoria College in the name of the educationist. Competition for the bursary will be open to students of Oak Bay schools. T. C. Rogers is treasurer, K. C. Symons chairman and W. Brynjolfson, secretary of the fund committee. Donations will be received up to the end of June.

Brake Tests—Out of 94 cars and trucks checked for faulty brakes in Greater Victoria during the fourth week of the brake campaign, six were found to be faulty. Figures reported yesterday by T. W. S. Parsons, commissioner of Provincial Police and co-ordinator of the program for the province, showed a total of 230 cars and trucks with faulty brakes out of 3,795 tested in the province. Majority of the tests were made at the Vancouver testing station, where 41 out of 2,328 vehicles had faulty brakes.

Recommend Sites—Victoria West P.-T.A. has suggested sites for a playfield to be established in Victoria West by the city parks committee, and a decision awaits a report by the lands committee, W. H. Warren, parks superintendent, reported yesterday. The new James Bay playground at the corner of Michigan and Menzies Streets will be opened in the near future, he said. Installation of new equipment voted for other city parks and playgrounds will be done when labor and materials permit.

Highway Survey—Six survey parties are to work this Summer on the Hope-Princeton highway route, the $2,000,000 Provincial Government project designed to provide a short direct link between the Coast and southern Interior of British Columbia. With contracts now being called for the $6,000,000 Peace River Highway, the Hope-Princeton road is described in official circles as the Government's No. 1 postwar project. Four of the six survey parties are already in the field and the other two are going in at once, Hon. Herbert Anscomb, Minister of Public Works, revealed yesterday.

Long Time—In city police court there are a number of phrases familiar to the magistrate and the court clerk through repetition. Yesterday Magistrate H. C. Hall made use of [illegible] when giving a suspended sentence to an army sergeant who had pleaded guilty to a charge of striking his wife. "You are bound over in your own recognizance in the sum of $50 to keep the peace for 50 years," the magistrate said, and the clerk, finding the stenographic symbols for "50 years" to be unfamiliar, asked "How long, your honor?" "Six months," he replied, and the sergeant felt much better.

To Open Exhibition

Hon. Mark Kearley, president of the Vancouver Island region of the Federation of Canadian Artists, will open an exhibition of Indian children's arts and handicrafts in the Provincial Museum on Monday at 3 p.m. It will be the fourth annual exhibition under auspices of the society for the furtherance of British Columbia Arts and Crafts.

Included in the display will be water colors, designs, wood carving, leatherwork, needlework and knitted goods. The exhibition will last two weeks.

URGES MEN TO CARRY ON

W. C. Mainwaring, chairman of [illegible] council of the Provincial Civilian Protection Committee, urged Civil Defence leaders to carry on until further orders from Ottawa, during a meeting at 750 Pandora Avenue on Thursday night. Alderman John A. Worthington thanked Mr. Mainwaring [illegible] [illegible]

Driver Receives Term in Prison

Finding William Fournier, taxi driver, guilty of receiving gasoline ration coupon books stolen from Scott & Peden, Ltd., Judge H. H. Shandley sentenced him yesterday to serve nine months in prison.

The trial took up all of Thursday's County Court sitting and continued yesterday with W. B. Trimble, Black & White taxi operator, and C. H. Crichton, an employed driver, taking the stand. They testified as to times Fournier was in the taxi office. T. H. Bamford, Supreme Court official reporter, was called to read extracts from his notes of an Assize Court trial earlier [illegible] week concerning [illegible] witnesses who testified at both trials.

Chief Crown witnesses were juveniles who stated they had sold stolen coupon books to Fournier. They were the same witnesses as in an Assize trial earlier in the week in which two men accused of receiving stolen books were acquitted by a jury.

Judge Shandley observed Fournier had testified he never saw the juveniles previous to their appearance at his preliminary hearing, whereas the boys said they had never seen him until they attempted to sell the coupon book to him. If the boys were not telling the truth, he said, he could not understand how they would make up their story, pick out Fournier and then identify him.

The trial was marked by repeated clashes between Capt. H. W. R. Moore, Crown counsel, and A. P. Dawe, representing Fournier.

Little Hope for More Telephones

Little hope [illegible] for immediate relief of the [illegible] shortage, it was revealed by British Columbia Telephone Company officials yesterday. Inability to obtain delivery of cable and central office dial equipment [illegible] the main cause of the shortage. [illegible] instruments are listed as a minor cause.

Victoria [illegible] better off than most centres. [illegible] [illegible] telephones. Out of a total waiting list of 14,000 in British Columbia, Victoria has 1,200 unfilled orders, compared with [illegible] Vancouver.

[illegible]

[illegible] situation worse than at any time during the war.

Officials hope there may be an addition to the Beacon dial in Victoria early in 1946, but emphasized it would depend on promised delivery of equipment.

I'm for the CCF because I want War Property SAVED ... not SACRIFICED!

Over three billion dollars' worth of war plants and supplies are now owned by the Canadian Government ... paid for by our Victory Bonds and taxes. The Liberals and Conservatives are planning to turn these plants and supplies over to Big Business at fire sale prices—in fact, in some cases this has already been done.

THIS GRAB MUST BE STOPPED because Big Business has no intention of using these plants in peacetime. They will be closed or slowed down to avoid competition.

Let Us Use These Plants For Our Own Benefit

USE	electrical and arms plants	TO	produce radios, refrigerators and other household accessories.
USE	aircraft and chemical plants	TO	make housing materials, produce fertilizer, convert agricultural products to industrial uses.
USE	jeeps, buses, trucks, bulldozers, tractors, steamshovels	TO	expand cheap public transportation, aid farmers and municipalities.

USE	hospital supplies	TO	equip hospitals across Canada
USE	kitchen and restaurant equipment	TO	install proper cafeterias for free lunches in all Canadian schools.

These are only a few examples of the constructive use which will be made of our war property by a CCF government.

Only the CCF Will Stop the War Property Grab!

Warning!

Prepare yourself for the wildest flood of smear propaganada ever unloosed on this long-suffering nation. *Big business is the author of this smear.* Through 'front' organizations, such as the Public Informational Association and General Relations Service, Limited, headed by B. A. Trestrail, and others ... by means of radio, the press, and the mails ... Big Business is spending fantastic sums on its smear-scare campaign ... ENTIRELY AGAINST THE CCF.

Why?—Big Business knows the CCF threatens its power, its monopolies, its strangle hold on the life of every farmer, every worker, every small businessman, every consumer—its power over YOU. Big Business and its Liberal-Tory partners have no program, and no answer to the CCF program. *So they resort to the Hitler method of smear and falsehood.*

The CCF asks for your reason, calm and good judgment.

Judge the CCF on its program, developed by and for the people themselves ... judge it on the brilliant record of the CCF Government in Saskatchewan ... JUDGE IT ON TRUTH.

ESTATE

Do you yearn for a country life, yet want the amenities and contacts of a city?

Do you enjoy seclusion, lovely natural surroundings, beguiling vistas of mountains and sea? Would you like to pick your own orchard and garden fruits? Get a kick out of raising chickens and keeping turkeys for your table? Do you like to picnic in your own grounds? Burn logs from your own forest?

A nine-acre estate, only twelve minutes' drive from Victoria, B.C., gives you these immediate opportunities and unlimited possibilities.

There is a six-room, nearly new, very artistic bungalow with plank floors, hand-made doors and wrought iron latches, leaded windows, two charming fireplaces, two-car garage.

There is a fine golf course adjoining the property. There are turkey and chicken houses.

Yesterday's score: Victoria High 4, Oak Bay High 0.

Four runs in the fifth inning of the best game of the season in the Interhigh School Baseball League gave Victoria High a 4-0 triumph over Oak Bay High at Macdonald Park yesterday afternoon. Ron Daker's double, driving over two runners, was the big blow in the rally. The win boosted the winners into sole possession of second place in the standings with an even split in four starts.

Until the fatal fifth, Golden and Turcotte, 14-year-old winning pitcher, had engaged in a strike-out duel and were in control of the game. Victoria High reached Golden for seven hits, five of them coming in their game-winning rally, while Turcotte held the losers to four safeties and struck out 15 in the seven-inning battle. Golden took ten batters via the strike-out route.

One of the features of the tight contest was the neat defensive display by both clubs, the only two errors of the game being charged to Victoria High and they did no damage.

Hockey Shrine to Be Established in Ottawa Auditorium

HULL, Que., May 18 (CP).—T. P. (Tommy) Gorman, of Montreal, head of a group of sportsmen which took over control and ownership of the Ottawa Auditorium this week, said today plans were under way to establish a hockey "shrine" in the building.

Adressing a service club luncheon, Mr. Gorman said such celebrities as P. D. Ross, the late "Sheriff" Sweetland and William Foran, Stanley Cup trustees, should "not be overlooked in a hockey hall of fame."

"The same goes for the great hockey players Ottawa has produced, the late Frank McGee, the late Harvey Pulford and Harry (Rat) Westwick (of the old Ottawa Silver Seven), to name only a few, and since the hall of fame has been established in Kingston (Ont.) we'll find a place for a hockey shrine in the auditorium.

Seattle Rainiers Get Chet Johnson

SEATTLE, May 18 (AP).—Chet Johnson, southpaw pitcher sold to St. Louis by San Diego last Winter, has been turned over to the Seattle Rainiers by the Browns for the rest of the 1945 season, Business Manager Bill Mulligan announced today. Johnson, who was ordered back to a shipyard job here this Spring by his draft board, comes [illegible] American League club this Fall.

Ponies Start Running Today At Woodbine

TORONTO, May 18 (CP).—The 1945 Canadian racing season is scheduled to open at Woodbine Park here tomorrow and indications are that the jockeys will have to display capable seamanship if they hope to bring their mounts home in front.

Continuous rain has left the track in bad condition and in order to avoid a large puddle at the six-furlong pole all sprint races have been scheduled for five and one-half furlongs. The infield resembles a miniature swamp and the jump feature had to be canceled.

Highlight of the opening day card is the $2,500 Added Trial Plate, split into two divisions, preview of the King's Plate, May 26, Canada's premier event for home-bred three-year-olds.

Heavy favorite for the trial is H. C. Hatch's Uttermost, leading Canadian two-year-old last season, expected to go to the post at less than even money.

Schmeling Given Strict Orders to Stay in Hamburg

HAMBURG, May 18 (AP).—Max Schmeling, former heavyweight boxing champion, who was taken into custody by two British soldiers, was released after several hours of questioning by security police with instructions not to try to leave Hamburg, it was learned today.

He now is living at a roadside inn.

Sgt. Edward Wade and Cpl. Harry Atherton, were posting road signs when Schmeling came out of the tavern and asked if he could be of service. They were boxing fans and they recognized him.

They said he told them he injured his knee and back in a parachute jump during the conquest of Crete, was discharged from the army and that he did not plan to re-enter the ring.

C. A. Bovey Heads Colwood Golf Club

Annual meeting of the Royal Colwood Golf Club was held recently when officers and members of the board of directors were elected for the year. Forty-five members were in attendance.

C. A. Bovey was re-elected president, and Alan Macey was returned as club captain. Members of the board of directors are: C. Bovey, Alan Macey, T. S. McPherson, Dr. McNiven, F. H. A. Norton, A. Straith, D. Spence and F. Thomas.

Alex Straith, Frank Thomas and Dr. McNiven were appointed to the handicapping committee, and Reginald Genn was named treasurer.

Dr. McNiven donated a cane for handicap competition.

New Argentinian Heavyweight Will Campaign in U.S.

NEW ORLEANS, May 18 (AP).—Abel Cestac was en route to New York today where he hopes to begin a campaign in search of world championship heavyweight boxing honors, which a fellow Argentinian, Luis Firpo, missed by a single second. He arrived here by steamship.

The towering, 25-year-old Cestac doesn't speak a word of English, but he has been saying "kayo" in his fights that is understandable in any man's language. He had scored 44 knockouts in 64 professional fights.

"Abel wants to fight Joe Louis, of course," his manager said, "but we realize he has to qualify for the challenger role in elimination bouts."

Champion Named At Uplands Club

Miss M. MacKenzie-Grieve is the new champion of the Uplands Golf Club following her 2-and-1 victory over Mrs. W. S. Smith in the championship final played yesterday.

Mrs. R. Bramley defeated Miss M. Young, 2 and 1, to take first flight honors, and Mrs. E. H. Livingstone scored a 4-and-2 victory over Mrs. R. L. Pocock in the second flight final.

Mrs. A. M. Jones won the fourth flight honors from Lady A. C. Coll by default, and Mrs. J. R. Hibberson defeated Mrs. W. J. Kempston, 4 and 2, in the final of the fourth flight.

Toronto Argonauts Will Have Football Squad This Season

TORONTO, May 18 (CP).—Return of Toronto Argonauts to Canadian senior Rugby football this season was announced tonight by President T. H. C. (Tommy) Alison, following the first meeting of the famed gridiron organization since it went into wartime seclusion after the 1941 season.

Under Coach Lew Hayman, Argonauts became one of the strongest and most colorful teams in football history. They won the Grey Cup, emblematic of the Dominion senior championship, in 1933, 1937 and 1938.

Argonauts were one of the original members of the Inter-Provincial Rugby Football Union—the "big four" of Ontario football from its organization in 1907 until its suspension in 1941—along with teams from Hamilton, Montreal and Ottawa.

Larry MacPhail to Experiment With Twilight Baseball

NEW YORK, May 18 (AP).—Larry MacPhail, president of New York Yankees, announced today he would experiment with twilight ball at the Yankee Stadium with the first such game scheduled for 5:45 p.m., E.D.T., next Tuesday, against Philadelphia Athletics.

The future of twilight baily, a radical departure from Yankee policy of other years, will depend upon the success of the Tuesday game, MacPhail said.

U.B.C. Players Stage Noted Play at Royal

Shakespeare's play "The Taming of the Shrew," will be presented this afternoon and evening at the Royal Victoria Theatre by the University Players' Club of Vancouver.

This play was put on by the club in March in Vancouver and was presented again to enthusiastic audiences Wednesday and Thursday of this week. In its review of the performance Wednesday night, The Vancouver Sun had this to say:

"William Shakespeare himself could scarcely have uttered a word of criticism with regard to the realistic interpretation given his work, 'The Taming of the Shrew' by members of the U.B.C. Players' Club at the Lyric Theatre last night.

"The talents of Beverly Wilson were given full play as the haughty and sharp tongued 'shrew' tamed by Jim Argue into a submissive and kindly wife.

"John Nieuwdrop was convincing as the elderly suitor to Dorothy Lowther whose part was also well taken. Others in the play included: Greg Millar, Gerry Williamson, Bunny Jackson, Gerald Newman, Peter Agello and Ted English.

"George Baldwin showed much naturalness in his comedy gestures.

"Joy Coghill was very good in her portrayal of a boy servant."

The play moves at an excellent and never flagging tempo through scene after scene of comedy and pageantry, made vivid by cleverly designed costumes and simple, effective scenery.

ATLAS THEATRE Six old-fashioned carbon light globes, the first type to be used in American homes, were treated with all the respect of the Crown jewels on the set of Metro-Goldwyn-Mayer's "Meet Me in St. Louis," the Technicolor musical starring Judy Garland with Margaret O'Brien, which is ending tonight at the Atlas Theatre.

CADET THEATRE Bathing beauties who really like to swim can take a tip from the prettiest and best swimmer of them all, Esther Williams. The former national swimming champion who turned movie star and is garnering honors on the screen in her role in M.-G.-M.'s Technicolor musical, "Bathing Beauty," which ends tonight at the Cadet Theatre, has found the answer to this year's bathing suit problem. It is a suit made entirely of cotton stitched with a double lock stitch, giving it a stretch greater than lastex suits.

CAPITOL THEATRE Pretty Dorothy Morris trades her real life role as a navy wife for an army wife screen part in M.-G.-M.'s "Thirty Seconds Over Tokyo," which ends tonight at the Capitol Theatre, with Van Johnson, Robert Walker and Phyllis Thaxter and Spencer Tracy as Lieutenant-General James H. Doolittle.

DOMINION THEATRE "Molly and Me," now at the Dominion Theatre, brings Gracie Fields and Monty Woolley back to the screen, paired as the incomparable fun team that they are. Their reappearance after too long a wait since "Holy Matrimony," is as welcome as the first sign of Spring. And if this weren't enough, Roddy McDowall is also included ni the star cast.

OAK BAY AND PLAZA THEATRES With the completion of his comedy role in Columbia Pictures' new musical, "Ever Since Venus," ending tonight at the Oak Bay and Plaza Theatres, Fritz Feld will have played his 130th part in motion pictures. Feld's experience dates back 25 years to the days of the silents. Among his outstanding roles were those in "Maisie Gets Her Man," "Iceland," and "It's a Date."

RIO THEATRE "Sage Brush Heroes," a Western melodrama, is currently showing at the Rio Theatre. The picture stars handsome Charles Starrett, and there's plenty of thunderous action in the thrill-packed drama of the great outdoors, which will end tonight.

YORK THEATRE Mme. Margaret Matzenauer, famed Metropolitan Opera star of Caruso's day, who makes her screen bow in Columbia's Frank Capra picture, "Mr. Deeds Goes to Town," ending tonight at the York Theatre, doesn't believe it is too late to start a movie career. Although middle-aged, Mme. Matzenauer points to May Robson and the late Marie Dressler as great stars who only got under way in Hollywood when near 60. Gary Cooper and Jean Arthur head the cast of "Mr. Deeds Goes to Town."

Interviews With Leaders Stopped

ALLIED SUPREME HEADQUARTERS, Paris, May 18 (Reuters).—Official orders have gone out prohibiting further interviews with high-ranking German leaders and from now on these prisoners will be treated as the Geneva Convention demands—but no better.

Motive for the order seems to be

1. Reaction in Allied countries where photographs of grinning Nazi generals and Luftwaffe chiefs produced fear that the lesson missed in the last war has not been learned in this—that the Allies are adopting an attitude of "they are not such bad fellows after all."

2. Following the Russian system of keeping captives under cover. It has not been revealed whether the Allied ban is a result of Russian pressure.

3. Propaganda. All high-ranking captives have behaved skilfully during their mass press conference. They seemed indoctrinated with a single idea and able to put it over for publication.

One of their main ideas got across seems to have been that Hitler is certainly dead. Their assurances that they themselves knew nothing about the atrocity camps implicitly saddles the responsibility on somebody else, their dead leader if necessary.

When closely examined, these interviews all state the theme that Germany lost the war by a fluke or an isolated failure. The Allies through these interviews have been supplying the German military and air leaders unwittingly with a medium of proclaiming once again that the Wehrmacht really has not been soundly beaten, although 4,500,000 German soldiers are prisoners in Anglo-American hands alone and millions of others lie dead and wounded.

Yukon Pioneer Passes

Funeral services for the late Mrs. Rhoda Anne Galpin will be held on Monday at 3.30 p.m. at the S. J. Curry & Son Funeral Home, and interment will take place at Royal Oak Burial Park. Rev. William Askew will officiate.

Mrs. Galpin died at the Aged Women's Home, 857 McClure Street, on Thursday at the age of 91 years after a long illness. Born in Surrey, England, she moved to Victoria many years ago from the Yukon after the death of her husband, who was a school teacher in the North.

WOOTTON CREEK, Isle of Wight (CP).—A camp called "Little Canada" was built here just before the war and requisitioned by the War Office. Now the log cabins grouped around a sea-water swimming pool will soon be available to the public.
